GRAND LODGE OFFICERS GIVEN AN OVATION

ROBINSON AND MAC FARLAND DELIVER TALKS

GRAND SECRETARY GIVES A SURVEY OF THE ORDER OF ELKS

PAST GRAND EXALTED RULER MAC FARLAND REPRESENTATIVE OF ATWELL

Bright, sunshiny weather and light breezes ushered in the second day of the Elks State convention in Brainerd. Yesterday closed in a blaze of color, drum corps and bands marching, Elks and their ladies on auto tours, dancing in pavilions and sections of street.

The ritualistic contest for the State Association cup, competed for by Stillwater and Hibbing ritualistic teams, was won by Stillwater. The judges were Ike Lederer, St. Paul; Thomas P. Gleason, Minneapolis; James R. Jerrard, St. Cloud; Rev. E. C. Clemans, Owatonna, and Gus Ludwig of New York Lodge No. 1.

Past Grand Exalted Rules James MacFarland of Watertown, S. D., a representative of Grand Exalted Ruler Atwell, and Grand Secretary Fred C. Robinson of Chicago addressed the state association and were given ovations. In the matter of community welfare, Past Grand Exalted Ruler MacFarland advocated lodges taking up the education of worthy boys and girls, otherwise denied university privileges. Grand Secretary Robinson reported the Elks membership now nearing the 850,000 mark. In his tenure of office he has seen the order grow from 120,000 members to a point nearing the million mark.

At the memorial services held, the eulogy for the father of the state association, was delivered by President John E. Regan of Mankato. It was a touching tribute. The eulogy for James P. Healy, a past president, was delivered by J. L. Shely of St. Paul.

Today is Parade Day which includes auto tours, golf matches, a registered trapshoot with over 100 shooters of the Northwest assembled, band concerts for $600 cash prizes, drum corps contest, the huge parade at 5 p. m., a massed massed band concert, and the evening pavilion dance and aquatic sports.

Tomorrow is Breezy Point Day and that million dollar resort is flashing the Elks colors and a broad welcome. Auto tours will take the Elks through the Brainerd Lake Region to the resort of Captain and Mrs. William H. Fawcett.

Movie Pictures by Finkelstein & Ruben

Early in the day the movie picture operator, F. C. Suessenguth, filming for the Finkelstein & Ruben chain of 75 or more theatres, got busy taking the Elks state convention. Announcement was made at the ritualistic contest in the evening by John A. Hoffbauer, chairman of the publicity committee, that all lodges have their complete representations in the parade in order to make the picture appealing to the 24 lodges of the state.

Registration headquarters was filmed with the crowds being registered. There followed a close-up of the St. Paul drum corps. Then a run was made to the registered tournament of the Brainerd Gun club where some hundred shooters, nearly all Elks, are blazing away at the clay birds.

Squad No. 6 was given a close-up and the men snapped were Captain Willam H. Fawcett, zone manager of the trapshooting association; Fred McKayff, of Minneapolis; Ernest Lemke, of Grand Forks, N. D.; Roger Fawcett of Minneapolis; Alex Fischer of Beaufort, S. C.

State officers are to be filmed, grand lodge officers, the parade, the golf club, water tower, general sweep of the parade, bands corps, floats, etc., closing with Breezy Point and other sections of the Brainerd Lake Region.

Diving Act at Lum Park at 7 p. m.

This evening, after the parade, at 7 p. m., will be presented an aquatic act of highest quality by Mrs. Floyd Thompson. Her act will consist of high and fancy diving, board-work and as a feature will make a thrilling escape from a heavy sack under water. Using a heavy diving belt to weight her down and being tied securely into the sack, she will drop into the water and let the spectators hold their breath while she works beneath the surface to secure her release. She holds a record for women for staying under the water for four minutes and 18 seconds, but expects to make her escape in less time tonight. For her diving act she has secured a special costume in the Elks colors, purple and white.

COOLIDGE PAYS VISIT TO HIS OLD HOME TOWN

INSPECTS SCENES OF HIS EARLY STRUGGLES IN POLITICS

IS GUEST AT THE HOME OF HIS MOTHER-IN-LAW

(By United Press)

North Hampton, Mass., Aug. 21.—President Coolidge, most successful Bay state citizen, today parked in the admiring gaze of his home town folk—those who watched his early struggle in politics and who are now in position to say, "I told you so."

The president and Mrs. Coolidge are visiting her mother, Mrs. Almira Goodhue. They arrived late yesterday by motor from Plymouth, Vt., after a six-day visit with Col. John Coolidge the president's father.

The street in front of the little frame duplex house in which they lived 15 years ago and which is still the residence and the actual home of his mother-in-law was thronged with citizens until late at night.

The president unrecognized went for a night automobile ride through the city and attempted ineffectually to get into the office in the Masonic building which he occupied when he was law partner of Ralph Hemenway. Hemenway had left the office and returned to a hotel to talk over old times with newspaper men.

The president will probably return to Swampscott, 100 miles east of here, this afternoon.

$250,000 TAKEN IN TORTURE HOLDUP BY FOUR BANDITS

FORCE JEWELER TO OPEN SAFE BY TWISTING HIS ARMS

SAID TO BE BOLDEST ROBBERY SINCE DRAKE HOTEL RAID

(By United Press)

Chicago, Aug. 21.—Torture bandits who twisted Sig Lazarus' arms in their sockets until he agreed to open his jewelry safes and allow them to escape with more than a quarter of a million dollars' worth of loot are sought throughout Chicago and suburbs today.

Police described the holdup as the boldest since the raid on the fashonable Drake hotel several weeks ago.

Four bandits entered the building where Lazarus operates a wholesale jewelry office on the 7th floor. They knocked the elevator operator unconscious, took the car to the 7th floor, entered the jewelry office and commanded Lazarus and all employes and customers to hold up their hands.

When Lazarus refused to unlock his safes, one bandit seized one arm and another bandit the other arm, slowly twisting until Lazarus thought the flesh would soon tear. The bandits repeated their demands, warning that they would end the victim's suffering with a bullet if he cried out.

When the owner of the office reached the end of his fortitude, he gave up and opened the safes. Then the bandits placed between $250,000 and $500,000 worth of jewels into handbags and suit cases and went back down by the elevator and escaped in an automobile whose driver was awaiting for them in the street.

COOL WAVE HITS MID-WEST TODAY IN NEW LOW MARK

COATS AND SWEATERS COMFORTABLE IN SUDDEN DROP MERCURY

OKLAHOMA HAS SMALL SNOW STORM, HAIL IN IOWA

Chicago, Aug. 21—An unseasonable wave of cool weather swept over the middle west today.

Temperatures dropped suddenly after reaching new high marks in several states during the early part of the week.

Top coats and sweaters were worn with comfort in Chicago. Bathing beaches swarming with heat sufferers two days ago were deserted. Thermometers registered 56 degrees.

At St. Louis where the last three days have been the hottest in three years, the mercury dropped almost 30 degrees in a few hours. Oklahoma had a small snow storm.

Smoke crawled from hundreds of chimneys as housewives set fire to the summer's accumulation of rubbish in their furnaces in an attempt to take the chill off their homes.

A strong, northeasterly wind reduced the temperature below 50 degrees at Madison, Wis. St. Paul reported a temperature of 50 degrees with a forecast of "showers and warmer."

Iowa, where heavy hail and rain storms broke a drought, but damaged crops, was experiencing chilling weather.

The federal weather forecaster here said the cool spell would end tonight and that moderate temperature would prevail over Saturday and Sunday.

FOREST FIRES STILL RAGE IN THE TUJUNGA CANYON

5,000 ACRES OF TIMBER SWEPT BY FLAMES THIS MORNING

DENSE SMOKE CLOUDS HINDER FIREMEN IN THEIR WORK

(By United Press)

Pasadena, Calif., Aug. 21. — The forest fire in the big Tujunga canyon two miles from Pasadena raged unabated today defying the efforts of 500 men to check the blaze.

Approximately 5,000 acres of the Angelus reserve had been swept by the flames this morning. Twelve men had been taken from the fire lines suffering severe burns. The Red Cross sent several nurses to the scene and established relief quarters at various points in the fire zone.

Although spreading rapidly in area, the blaze was held from sweeping in the direction of Pasadena.

Dense clouds of smoke hovered over the outskirts of the city while additional truck loads of volunteers left here for the fire zone this morning to relieve those on duty who have been on duty 24 hours or longer.

24 DIRECTORS TO START ANDREWS' PLAN SEPT. 1ST

ELIMINATION OF OUTLAW LIQUOR MAIN OBJECT OF DRY FORCES

TO MAKE LIQUOR COSTS MORE THAN MARKET WILL PAY

(By United Press)

Washington, Aug. 21.—The new national staff of 24 regional prohibition directors who are to inaugurate on September 1st the "Andrews' plan" of dry enforcement were announced today by Assistant Secretary of the Treasury Andrews, new dry czar.

The list includes:

District No. 13, Illinois, except southern counties of eastern judicial district in Indiana and eastern judicial district of Wisconsin: Headquarters, Chicago, B. A. Ewing.

District No. 15, Minnesota, North Dakota and western district of Wisconsin: Headquarters, St. Paul, A. C. Townsend, acting.

District No. 16, Nebraska, Iowa and South Dakota: Headquarters, Omaha, A. W. Campbell.

The designation "acting" signifies that the appointment is only temporary, and that the official designated may later be replaced.

At the same time, Andrews issued a three-page statement comprising orders to the new directors.

The statement follows in part:

"The national prohibition laws make it unlawful to supply alcoholic beverages to those who want to buy them. The big demand for these beverages creates a ready market and under the law of supply and demand, the business of selling to this market has been established. This outlaw business in all its manifestations is a real enemy of government and society.

"Its elimination is the main objective of the federal forces. This bootleg business may be eliminated by depriving it of its sources of supply or by depriving it of its market. It may be seriously impeded by the arrest and punishment of those who direct its operations, who furnish it protection, banking facilities, tactical assistance and by making its operations more expensive than the market will bear.

"The federal forces have been reorganized and will be concentrated upon the task of eliminating the bootleg industry and energies will be directed primarily to their end, looking along those lines of attack

"The government by treaties and negotiations will make it more and more difficult for unscrupulous operators to take advantage of the protection of foreign flags to engage in large smuggling operations by sea and will also make smuggling from the territory of our near neighbors both difficult and dangerous.

"Beside the coast guard first line on our sea fronts and all of our borders, both sea and land, the customs are being organized and reenforced to take the responsibility for stopping smuggling along his own front.

"With these customs lines the prohibition unit is organized to attack domestic sources of supply, distilleries, industries using alcohol and breweries if proved to be sources of supply to bootlegging trade will be proceeded against as nuisances and closed. This is purely a business proposition easily understood and should be capable of execution. Our inspectors will be trained chemists and pharmacists and their enforcement agents trained criminal investigators and under-cover operators.

"Meantime, we shall proceed vigorously towards the arrest and punishment through major conspiracy cases of those who are conducting the bootleg business. These cases will be made under legal guidance and with the close co-operation of the department of justice and will be given speedy court action. In each district counsel should give prompt attention to clearing court dockets in order that the schedule may be clear for prompt action along the above line.

"The attack on the market must be a matter of education and can best be conducted by those organizations and individuals interested in the law observance and community welfare."

The lady who for the past 12 months has been the "right bower' of one of Elkdom's greatest leaders has made a record as a traveler which compels the admiration of everyone—and she likes it. "What can you do with a lady like that?" we ask you.

The ladies of Elks of Portland Lodge went into ecstacies about her and columns of space were devoted to the "First Lady of Elkdom" who modestly admitted having traveled something like 50,000 miles with her devoted "Hubby" during the past year.

POLICE FAIL TO IDENTIFY BODY

REMAINS FOUND IN BURNT HAY HAY STACK STILL IN IOWA MORGUE

(By United Press)

Minneapolis, Aug. 21.—Hopes of Des Moines police to identify the body of a woman located in a burned hay stack there through a letter bearing the name of Mrs. T. W. Baker, Minneapolis, were destroyed today.

Mrs. Baker explained the note to local police as possibly a letter of introduction given the woman by a relative. Police are checking the list of relations.

Although the body was discovered July 25 searchers failed to uncover clues until Wednesday when they located a blood-stained hammer, a man's shirt and a woolen glove.

FIVE OFFICERS ARE WANTED ON DOZEN CHARGES

EMBEZZLEMENT CHARGES, SINGLY AND JOINTLY, MAKE UP INDICTMENTS

SEVERAL FORMER ACTIONS AGAINST OFFICERS FAILED TO CONVICT

(By United Press)

Fargo, Aug. 21.—Echoes of the crash of the defunct Scandinavian-American bank, a Nonpartisan league institution here, resounded throughout the northwest today.

Five men, including John J. Hastings, prominent leaguer, are hunted by authorities throughout the northwest to answer a dozen charges. The men were indicted Thursday at New England, N. D., charged jointly with the embezzlement of $135,000 and separately with the embezzlement of $15,400.

The four men named with Hastings are John C. Grimm, F. A. Hines, A. J. Praxel and C. C. Griffith, all officers, directors and stockholders of the bank.

Alleged defalcations on which the New England warrants are based were made, it is charged in the warrants, in February, 1925, when the defendants took over the bank and on March 10, when it closed.

Hines and Hastings formed a banker's holding company in Minnesota and planned to reorganize closed Minnesota banks, according to a report of A. J. Viegel, Minnesota banking commissioner. This company, according to the report, bought the now defunct Becker, Minn., bank, but was forced to turn back the stock on the ground that the firm was not liable.

Hastings, Grimm and Griffith are wanted on charges of obtaining signatures under false pretenses and also selling stock in North Dakota without permission. Hastings is also wanted on charges of false pretenses.

Several actions were instituted against the men here, but all ended in failure to convict. The last of these was in Grand Forks earlier this year.

C. C. Griffith was organizer of the United Consumers' stores in North Dakota during the paimy days of the league.

We asked her just how she stood the long grind of continual jumps to this or that subordinate lodge and she replied, "I just love it."

"What can you do with a lady like that?" we ask you.

The ladies of Elks of Portland Lodge went into ecstacies about her and columns of space were devoted to the "First Lady of Elkdom" who modestly admitted having traveled something like 50,000 miles with her devoted "Hubby" during the past year.

GOOD CROPS AND FAIR PRICES TO BOOM FARMING

FARM LIQUIDATION TO END WITH MARKETING OF 1925 CROP

AGRICULTURE TO BE RELIEVED FROM POST WAR DEPRESSION

(By United Press)

Minneapolis, Aug. 21—Farm liquidation will end wth the marketing of the 1925 crop which will place farmers on a sound financial basis.

This was the message given Thursday night to the editors attending the convention of the standard farm papers—a middle west and southern organization, by C. V. Gregory, editor of the Prairie Farmer, Chicago.

The combination of generally good crops and good prices will swing agriculture of the nation out of the last throes of post-war depression, he said.

POLICE FAIL TO IDENTIFY BODY

REMAINS FOUND IN BURNT HAY HAY STACK STILL IN IOWA MORGUE

(By United Press)

Minneapolis, Aug. 21.—Hopes of Des Moines police to identify the body of a woman located in a burned hay stack there through a letter bearing the name of Mrs. T. W. Baker, Minneapolis, were destroyed today.

Mrs. Baker explained the note to local police as possibly a letter of introduction given the woman by a relative. Police are checking the list of relations.

Although the body was discovered July 25 searchers failed to uncover clues until Wednesday when they located a blood-stained hammer, a man's shirt and a woolen glove.

FIVE OFFICERS ARE WANTED ON DOZEN CHARGES

EMBEZZLEMENT CHARGES, SINGLY AND JOINTLY, MAKE UP INDICTMENTS

SEVERAL FORMER ACTIONS AGAINST OFFICERS FAILED TO CONVICT

(By United Press)

Fargo, Aug. 21.—Echoes of the crash of the defunct Scandinavian-American bank, a Nonpartisan league institution here, resounded throughout the northwest today.

Five men, including John J. Hastings, prominent leaguer, are hunted by authorities throughout the northwest to answer a dozen charges. The men were indicted Thursday at New England, N. D., charged jointly with the embezzlement of $135,000 and separately with the embezzlement of $15,400.

The four men named with Hastings are John C. Grimm, F. A. Hines, A. J. Praxel and C. C. Griffith, all officers, directors and stockholders of the bank.

Alleged defalcations on which the New England warrants are based were made, it is charged in the warrants, in February, 1925, when the defendants took over the bank and on March 10, when it closed.

Hines and Hastings formed a banker's holding company in Minnesota and planned to reorganize closed Minnesota banks, according to a report of A. J. Viegel, Minnesota banking commissioner. This company, according to the report, bought the now defunct Becker, Minn., bank, but was forced to turn back the stock on the ground that the firm was not liable.

Hastings, Grimm and Griffith are wanted on charges of obtaining signatures under false pretenses and also selling stock in North Dakota without permission. Hastings is also wanted on charges of false pretenses.

Several actions were instituted against the men here, but all ended in failure to convict. The last of these was in Grand Forks earlier this year.

C. C. Griffith was organizer of the United Consumers' stores in North Dakota during the palmy days of the league.

BELGIAN DEBT TERMS APPROVED BY PRESIDENT

PAPERS SENT TO WASHINGTON AFTER COOLIDGE SIGNS THEM

NEXT STEP NOW UP TO CONGRESS AT ITS DECEMBER SESSION

(By United Press)

Northhampton, Mass., Aug. 21.—The terms of the Belgian debt settlement have met the full approval of President Coolidge.

The papers presented to the president by his personal stenographer who met him on his arrival here from Plymouth, Vt., were signed at once and were taken back to Swampscott where they will be sent to Washington.

The president's signing of the agreement leaves the next step in the debt funding agreements so far as the United States is concerned up to congress which will be asked to ratify the settlement when it convenes in December.

MAYOR CAIN MAKES REQQUEST

Asks That Store Windows be Well Lighted Tonight, And That Flags be Taken in at Sun-Down

Mayor George A. Cain requests that Brainerd business houses keep their store windows well illuminated this evening, so that the streets of the city may present a better appearance to the visiting Elks. Last night the majority of the windows were dark early in the evening.

Several complaints came in to the mayor this morning that flags throughout the city were left standing all night. This is decidedly against the rules of respect to the nations colors, which should be taken in at sun-down and not put out again until after sun-up. Mr. Cain asks that these courtesies to the flag be observed tonight.

She Surprised Her Husband

We know a lady in this town who receives a regular allowance for the home expenses, which is a good idea. Her husband deposits a certain sum to her credit each month and she checks against it.

But the best part of the story is this: She wanted a new dress but didn't like to "spring" it on her husband. So she started a little economy campaign and saved enough from her allowance in a little while to buy the dress. And her husband says he will take his hat off to her for her thriftiness.

So do we!

It's fun to save money for a purpose. If you want to buy something—for yourself or the home—just start a savings account and see how quickly it can be done.

2 Washes cleaner.
3 Largest hourly capacity in the world.
4 Most compact washer made—takes floor space only 25 inches square.
5 Cast aluminum tub—can't warp, rot, swell, split or corrode.
6 Easily adjusted to your height.
7 Clothes can be put in or taken out with the washer running.
8 Tub cleans itself.
9 All metal wringer. Self adjusting. Instant tension release.

9 REASONS FOR WORLD LEADERSHIP

THE Maytag Gyrafoam washing principle is so far ahead of any other washing principle that you would not believe it possible. So we suggest you disregard all claims—and do this one thing:

Test the Maytag in your own home, in your own way, in comparison with any or all other washers. If it does not sell itself to you "heart and soul" do not keep it.

More housewives buy Maytags than any other washer—and they buy them because the Maytag sells itself to them right in their own homes.

Call us and we will bring a Maytag Gyrafoam Washer to your home to do a wash for you—where you may test it for yourself in your own way, *on your own wash*. There is no obligation whatever.

GARDEN FLOWER EXPERT COMING

C. E. Cary of the University to be Judge at Garden Flower Show

TO BE HELD HERE NEXT WEEK

Another Guest of Flower Show Will be A. J. Wilkus of St. Paul

C. E. Cary, garden flower expert of the University of Minnesota, will be the judge at the flower show to be held here next week.

Mr. Cary was secured through the efforts of L. P. Hall, president of the Crow Wing County Garden Flower Society. The securing of Mr. Cary will be a big feature, as he will not only judge the flowers, but will be ready to give such information as is desirous about flower growing.

Another guest of the flower show will be A. J. Wilkus, of the Riverview gardens of St. Paul. Mr. Wilkus has attended other flower shows here and will be present with a table of the newer varieties of gladioli Mr. Wilkus is president of the Northwestern Peony and Iris association. While making a display he will not solicit orders, although he will receive orders from those wishing to give them. He states that he believes these flower shows should be kept free from order solicitations. He will be willing to show his flowers and give any information he has. Many will remember his large display of peonies from his Riverview gardens, shown at the local peony show.

The silver loving cup to be presented as a sweepstakes prize for dahlias donated by the First National bank, has arrived and is on display at that bank. The Citizens State bank loving cup, sweepstakes prize for gladioli, is on display at the Citizens State bank.

The committee on arrangements has secured the loan of over a thousand quart milk bottles, to be used in displaying the dahlias, gladioli, and sweet peas, particularly.

Brainerd Girls Cover 10,000 Miles, Visiting 14 States and 2 Foreign Countries

The Misses Millicent Russell, Ruth and Amy Pentin and Kathryn Sullivan returned Wednesday from an extended western tour. Miss Russell and the Misses Sullivan left Brainerd June 1, and were joined by the others in Montana. The young ladies motored north through Glacier National Park, Banff and Lake Louise, then to Spokane and Seattle, Wash.

Following the Pacific coast through Portland, Ore., Crater lake and into California, stops were made at San Francisco, Los Angeles, Hollywood, San Diego and the Catalina Islands.

Old Mexico was visited and the Mojave desert crossed enroute to the Grand canyon by way of the Needles. The route then took the tourists through Arizona, New Mexico, Colorado, Wyoming, Nebraska, North and South Dakota.

Fourteen states and two foreign countries were visited in this tour that covered 10,000 miles. The young ladies agree that they had a most pleasant vacation, and one that was educational as well.

RECORD BASS CAUGHT

Tourists From Slifer And Farnhamville, Iowa, Are Lucky Fishermen

Oscar Madson and Earl Harter, the former from Slifer, Iowa, and the latter from Farnhamville, Iowa, caught a record black bass at Nisswa lake, near Hubert, weighing 5 pounds and 10 ounces, the largest caught so far this season. The big beauty was taken on a Heddon Dowagiac minnow.

These men, who are summer visitors in this section, have been very successful in landing black bass of good size. They are very enthusiastic over the Brainerd lake region, and the fishing facilities to be found here.

The big bass in question was on display in the Perry Hardware Company's windows.

BOY SCOUT CAMP TO BE IMPROVED

If Suggestions Made by the Camp Committee Are Carried Out Before Next Season

AT CAMP CLEARWATER

81 Boys Attended Camp This Summer Under Direction of Scout Executive S. S. Shaver

The construction of an ice house, the driving of a new pump, construction of several log huts from adjacent timber, and betterment of docs and swimming facilities are the major improvements suggested for Camp Clearwater by the Boy Scout camp committee, as contained in a report just printed. The committee is composed of John Woodhead, Brainerd, C. F. Scheuer, Crosby, and B. Magoffin, Jr., Deerwood.

The conducting of the camp this year proved highly satisfactory from all angles. Eighty-one boys attended the camp, some of them attending more than one period, so that the total of ten-day campers was ninetwo. They were under the direction of the Scout executive, S. S. Shaver, and his assistant, K. S. Bouma, who did duty as assistant director and swimming instructor.

Visitors were on the ground almost daily and an estimate of Sunday vistors shows that during the entire season the average was over one hundred per Sunday. All spoke with approvel in regard to the camp and program. The purpose of admitting visitors on the grounds at any time was merely to advertise the benefits which could be secured in attending such a camp.

The general program, in addition to the Scout work, was the Honor Belt system. Sunday being a day of rest and visitors' day, no program was conducted outside of religious services, conducted by local pastors. Members of Catholic congregations were taken to town for morning services.

Instructions were given in all scout tests to individuals and group meetings. A great many Scout tests under First Class were taken and ninety-four Merit Badges were awarded. These badges included life saving, swimming, pioneering, cooking and others.

Practically every official and member of the council visited the camp during the camping season. Other official visitors were Mr. Wessell, Assistant National Camp Director of New York, H. F. Pote, Regional Scout Executive, T. H. Haddon, Scout Executive of Duluth, and others.

One of the recommendations for next year is the construction of a safety dock and boat landing, a guard rail for inexperienced swimmers in not more than four feet of water, a diving tower and float. In addition, one or two boats should be added to the present equipment. In this connection the committee recognizes the generous loaning of boats on occasion by Con O'Brien, across the lake from the camp.

The State Forestry Department has volunteered to furnish 2,000 evergreen trees to be shipped at request during the spring. These should be secured and planted along the shore in order that they will secure proper growth by the time the older trees on the site are gone.

REV. CODY AND PARTY RETURN

Enjoyed a Two-Months Motor Trip Through the West, Visiting Places of Interest

14 STATES VISITED

Attended Northern Baptist Conference in Seattle as Delegates From Brainerd Church

Rev. and Mrs. R. E. Cody, of this city, and their niece, Miss Florence Baumgarten, of LaCrosse, Wis., have returned from a two months motor tour of the west. On their trip they covered fourteen states, leaving for Seattle over the north route, and returning through Arizona and New Mexico, over the Santa Fe route.

They left Brainerd on June 11, and reached Seattle, Wash., in time to attend the Northern Baptist Conference at that city, from June 30th to July 5th. Rev. and Mrs. Cody were delegates to the conference from the First Baptist church of Brainerd.

Travelling down the coast, they visited Mt. Rainer, and then spent several days in San Francisco and Los Angeles. On their return trip they visited the Grand Canyon.

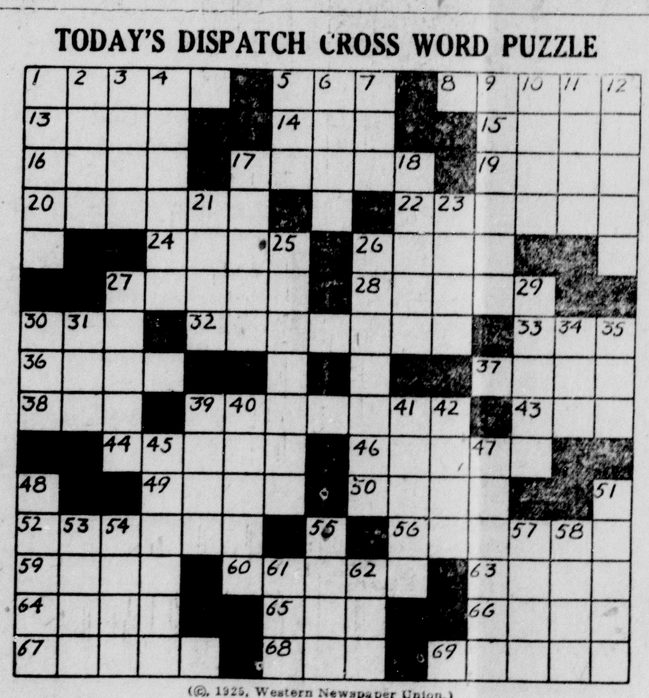

This was a delightful season for such a trip, according to Rev. Cody. In all the journey they experienced but two days of extreme heat, even in Arizona and New Mexico the weather did not cause them to suffer. Notwithstanding this fact, they still are delighted to return to Minnesota. They report that all the states visited, the northern states o fthis region, Minnesota, Wisconsin and Iowa look better than the others. The sight of green corn, green trees, and green lawns was a feast for their desert-weary eyes.

NORTHERN PACIFIC TRAIN SERVICE

THE Duluth News Tribune, in a recent editorial, comments on Northern Pacific train service affecting that city and the Lake Superior division, and the changes proposed which affect a considerable economy in operation.

Duluth has always been a little sensitive, and properly so, in the matter of service on the Northern Pacific road to the west.

It had a hard fight to establish that service, and to make the railroads recognize Duluth as a main line point rather than a station on a branch line from the Twin Cities. In that fight The News Tribune played a very active part.

It would not, therefore, tolerate any change that would give poorer service.

But it is doubtful if the changes proposed by the Northern Pacific road will give poorer service. On the contrary, it will probably be more convenient service than is now offered.

The plan is to combine the two morning trains which now run each way between Duluth and Staples. The two trains leave Duluth but two hours apart, and usually they both run almost empty. One train would be ample to handle the business, and the elimination of the other train would save the road $100,000 a year.

The News Tribune has repeatedly insisted that there should be at least two trains a day each way on all roads serving Duluth territory. This permits a Duluthian to go out in the morning and return at night, or it permits residents of nearby towns to come to Duluth in the morning and return at night. The proposed new service offers both these opportunities and the trains would be run at more convenient hours than the present trains.

All connections except the Winnipeg connection at Staples would be retained, and this is of very slight importance, since all traffic between Duluth and Winnipeg now moves over the direct route.

The Fargo sleeper service will also be retained, and the new trains will offer dining car service which the present trains do not.

Bus service is now competing with this train service, and this bus service undoubtedly will be augmented so that ultimately it will reach virtually all the country between Duluth and Staples.

In view of these facts, therefore, there does not seem to be any valid objection to the changes. No rail connections are lost; no trade territory will be cut off, but on the contrary, more convenient service will be given; and the road will save $100,000 a year.

Probably no business institution in Duluth will be as much affected by the change as The News Tribune itself, because of the distribution of its newspapers through this territory, but The News Tribune is willing to accept the slight inconvenience it may be caused, without protest, in order that the road may practice a real and substantial economy that will not hurt anybody materially, and that will greatly help it to make income balance outgo.

AN OPPORTUNE INSPECTION

THE movement of the Lions club inviting passenger traffic agents of railways of the Twin Cities to inspect our lake region is one which will be far-reaching in its effects. It gave these men a close-up of our lake region, showed them our roads, lake resorts, etc. Hereafter, when these men are asked questions about our lake country, they can give the information acquired by actual contact.

Every passenger traffic agent was impressed with what he saw and the addresses made evidenced the fact that they have keen vision. In fact, as every one knows, a good passenger traffic agent can "see" business miles away. Many good suggestions were made. It was also brought out that many of the railroads are carrying on an extensive campaign of advertising benefiting our lake region.

Travel is now being drawn from the midwest, the east and south. Booklets and folders are sent out. As stated by M. M. Goodsill of the Northern Pacific railway company, many an automobile tourist gets his information of the lake country from the advertising racks fo the railway stations.

Railways are not fighting automobile travel. They work with this great body. The development of automobiles and roads in turn affects a country, and any improvement in economic life reflects its benefit upon the railways.

COMMUNITY ADVERTISING

COMMUNITY advertising as known today is a relatively new development but is making tremendous strides and a number of nationally-known advertising agencies are giving much attention to this phase of modern advertising. California was the first, we believe, to develop community advertising on a big scale and with adequate follow-up, but just now Florida with over $2,000,000 raised or appropriated for community advertising this year will test its power on the greatest scale ever attempted.

To illustrate the spirit of Florida and its belief in advertising, Sanford, a city of 10,000 people, has just completed a campaign for advertising and Chamber of Commerce work that has broken the world records on a per capita basis. Starting out to increase its income from $5,000 to $50,000, it raised in a great community campaign $87,000, and the city voted an additional $20,000, making the grand total $107,000. Also the county has provided $15,000 for county advertising. Practically all of these funds will be spent by January 1st in advertising the advantages of Sanford and Seminole county.

The advertising appropriation will be handled by a nationally known advertising agency that has been doing the bulk of community advertising work on the East Coast.

WHEN the farmer set about to secure his own salvation and get a place in the sun, he was successful.

Give Your Clothes a Rest

THE weary waistcoat and the tired trousers—these are not fancies of the imagination but cold realities. You wouldn't make your horse go day after day without a rest or run your car without giving the engine a chance to cool off. And in just the same way your clothes have an occasional vacation coming to them once in a while if you want to get the most wear out of them.

It is known that even steel, when constantly used, gets what engineers call "metal fatigue." Wool is no exception. The sturdiest wool fibers become flattened and pressed out of shape by continuous use. Their strength returns, if they are allowed to rest up a bit.

Fortunately, you do not have to send fatigued suits to the seaside or mountains to recover their vigor. A nice, dark closet and well-fitting hanger make an ideal vacation for their jaded nerves. What you do need, though, is enough suits to keep them from getting too tired out. Two suits worn alternately wear considerably longer than three suits purchased one at a time and each worn continuously every day until worn out.

What is true of suits is equally true of shoes. Besides the greater economy of having two or three pairs of every-day shoes going at once, the man who has to stand or walk a great deal will find it much easier on his feet to have a Monday-Wednesday-Friday pair to alternate with his Tuesday-Thursday-Saturday brogues.

JOHN WALSH IS HELD BY POLICE FOR BANK THEFT

SEARCH THAT LED THROUGH HALF DOZEN STATES ENDS

EXTRADITION PAPERS ARE EXPECTED FROM CHICAGO TODAY

(By United Press)

St. Paul, Aug. 21.—John Walsh, alias Marino Chrysota, 26, is being held at central police station here for a $16,800 bank robbery in Chicago December 9, 1924.

Walsh was taken into custody here Thursday night by Detective J. D. Hennessy of Chicago and two St. Paul officers after a search which has led through half a dozen states.

Detective Hennessy said today that on the morning of December 9th four men entered the Bryn Mayr State bank on East 71st street, Chicago and with drawn revolvers held up a score of employes, escaping in an automobile.

The alleged bandit is technically charged with being a fugitive from justice.

Extradition papers are expected to be sent here from Chicago. Walsh indicated today he will fight efforts of the Chicago authorities to take him back.

Film Stars Galore in Hollywood Play

Anna Q. Nilsosn has five leading men, including several stars, in one scene of "Inez From Hollywood," the First National picture to be shown at the New Park tonight and Saturday.

Antonio Moreno, Wallace Beery, Lloyd Hughes, Ben Lyon and Ford Sterling will appear in one sequence, having luncheon in her studio dressing room. It affords an intimate glimpse of studio life, and goes a long way to prove that one cannot judge motion picture people by the personalities which they register on the screen.

Most producers forbid their stars to appear before other cameras than their own. However, in this case, such legal formalities were waived by all parties concerned. Who could resist Anna Q.? So, if you want to see this aggregation all at one time: the "world's worst"—that is to say, best—villain, a great comedian, and three of the handsomest leading men, you must see "Inez" on the screen.

2 MILLION DOLLARS WORTH FILM SHIMMY

GILDA GRAY, QUIVERING QUEEN OF TERPSICHORE, SIGNED UP TO DANCE IN THE MOVIES

By LINCOLN QUARBERG
(United Press Staff Correspondent)

Hollywood, Aug. 21.—Two million dollars worth of shimmy is about to be translated into $10,000,000 worth of celluloid at Paramount's Hollywood film factory.

Gilda Gray, quivering queen of terpsichore, has agreed to transfer from stage to screen the dance and personality that made her one of America's leading theatrical attractions.

A five-year contract with Famous Players-Lasky will net her approximately $2,000,000, and the film-makers do not figure they have made an unwise investment.

It is estimated that $2,000,000 worth of shimmy, before it has been filmed, is worth $10,000,000 after it has been ground through the cameras and rolled into celluloid for retail consumption.

"Gilda Gray is one of the greatest box-office attractions in America," Jesse L. Lasky, general manager of Paramount, reassured himself after the queen of shimmy had shaken the firm out of a potential $2,000,000. "Her drawing-power is phenomenal."

Gilda's shimmy, which Lasky dignifies by calling "personality and magnetism," was admittedly the basis of the contract with Paramount.

"Wherever she has appeared in the flesh, Gilda Gray has drawn record crowds," declared Lasky. "The reason is her amazing personality.

"None of this personality will be lost on the screen. We have tested her thoroughly, and the same magnetism which has attracted thousands in theatres all over the country will be re-glorified in her pictures."

The career of Gilda Gray is one of the gems of contemporary theatrical history. Born in Poland, Miss Gray came to America at the age of seven, as a refugee in the steerage.

She began her career as a dancer in a Milwaukee cabaret where she originated the shimmy. Her popularity was instantaneous but no cabaret owner would pay her more than chorus-girl wage.

She went to Chicago and introduced her barbaric creation to the night life there. Chicago cafe owners reacted coldly to the exploitation possibilities in Gilda's presentation, and she journeyed on to New York City.

Here on Broadway she scored her first big triumphs. She literally shook herself into fame and fortune, and into the arms of Gil Boag, "king of Broadway," and owner of a string of cabarets.

Gilda made Boag's cafes the most popular on Broadway. Boag in turn sensed the dancer's box-office power at the outset, and soon became her manager and husband, a joint job he still holds.

"We're still shaking loose a lot of dough," Gil confieded after he had sold $2,000,000 of Gilda's shimmying talent to Lasky. "Gilda produces, and I find the best market for her presentations. I know her ticket-window value, and I don't allow her to sign for less."

One of the finest examples of what motion picture titles should be is to be seen in "On Time," starring Richard Talmadge, which is playing at the Lyceum Theatre. They are the work of Ralph Spence who is famous for this work. Many successful New York stage plays also owe their comedy values to the uncanny comedy sense of Mr. Spence.

THEATER BANDIT IS OUTSMARTED; GIVEN EMPTY CIGAR BOX

Milwaukee, Aug. 21.—In one of the most daring robberies ever attempted here, a bandit would have gotten away with at least $2,000 of a local theatre's receipts here Wednesday, but for a clever ruse of the treasurer, Anthony Thene.

While counting up the receipts of the afternoon, Thene looked up and saw a man standing at the window of his office with a gun levelled at him.

"Fill up one of those cigar boxes with the long green," the bandit ordered.

Thene stuffed about $2,000 into a cigar box and closed the cover. Then he gave the man another box, an empty one which was standing nearby.

With the empty box under his arm the bandit made a hurried getaway.

JOHN WALSH IS HELD BY POLICE FOR BANK THEFT

SEARCH THAT LED THROUGH HALF DOZEN STATES ENDS

EXTRADITION PAPERS ARE EXPECTED FROM CHICAGO TODAY

(By United Press)

St. Paul, Aug. 21.—John Walsh, alias Marino Chrysota, 26, is being held at central police station here for a $16,800 bank robbery in Chicago December 9, 1924.

Walsh was taken into custody here Thursday night by Detective J. D. Hennessy of Chicago and two St. Paul officers after a search which has led through half a dozen states.

Detective Hennessy said today that on the morning of December 9th four men entered the Bryn Mayr State bank on East 71st street, Chicago and with drawn revolvers held up a score of employes, escaping in an automobile.

The alleged bandit is technically charged with being a fugitive from justice.

Extradition papers are expected to be sent here from Chicago. Walsh indicated today he will fight efforts of the Chicago authorities to take him back.

HUSBAND BRANDS SEDUCER'S FACE

WIFE FORCED TO WATCH VENGEANCE TAKEN WITH HOT WIRE

Chicago, Aug. 21.—The brand of vengeance is burned deep in the face of Walter Johnson, 25.

The letters "V. F." some three inches in height were burned into Johnson's left cheek as he lay bound on the floor of the home of Victor Feleci.

With a white hot wire, and in the presence of his wife, who had confessed to indiscretions with the victim, Feleci scrawled the brand of shame and vengeance.

Today police have Mrs. Rose Feleci, 28, in custody and are looking for her husband.

Johnson staggered into the west Chicago police station Wednesday night and fainted. Revived he told how he had been summoned to the Feleci home, by Victor, 34, a friend of several years.

"Victor pointed a revolver at me and then he tied my hands and feet," Johnson said. "He told me he had found out about my friendship with his wife. Then he heated a wire over a gas jet and wrote his initials on my cheek."

Rose said her husband forced her to witness his vengeance.

"He made me turn Walter's head so he could use the wire just right," she said. "I wanted to scream, but he had a revolver and told us he would kill us both if we said a word."

Lions Club Booster Meet in Sunday Papers

The Lions club of Brainerd has received offical notice from L. L. Evans, railway reporter who covered the boosters' banquet at Breezy Point on Wednesday evening, that the St. Paul Pioneer Press on Sunday will contain a full page report of the affair. A complete report of the details of the banquet, with pictures of the Brainerd lake region and of the local members of the Lions club, will be presented.

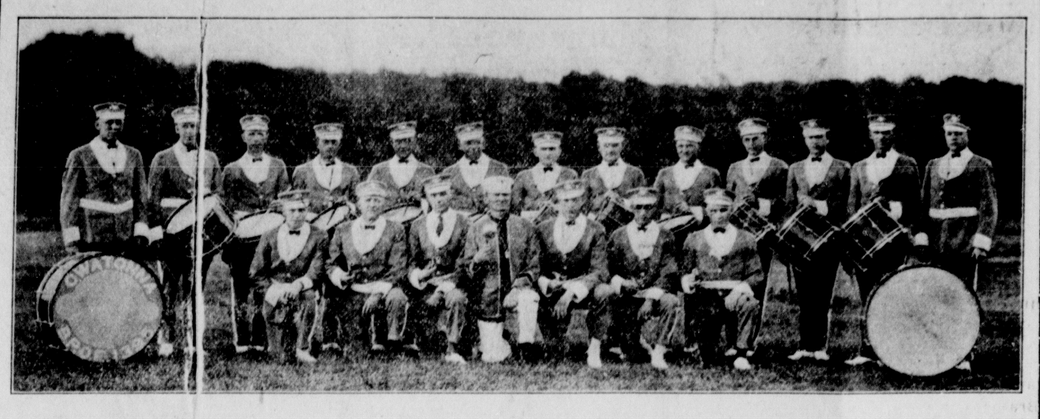

A telegram from Arthur E. Nelson, mayor of St. Paul, who was invited to attend but found it impossible to accept, reads as follows: "Regret exceedingly will be unable to attend dinner tonight at your kind invitation. Important meeting Thursday prevents. Please convey to members Lions club my hearty congratulations upon splendid idea they are carrying out tonight. The lake region around Brainerd is most worthy of extensive activity to acquaint people of this country with its charm. You have resources which you may never hesitate to promote. I should be happy to assist you in this excellent enterprise in any way I may be of assistance. St. Paul is pleased to lend you its hearty support." Arthur E. Nelson, mayor.

The Service News Agency has ordered a large supply of extra papers to fill the demand that is excepted for the Sunday edition of the St. Paul Pioneer Press.

NOVEL SYSTEM OF REGISTRATION

LEGIONNAIRES TO FIND IT EASY TO LOCATE BUDDIES AT BIG NATIONAL CONVENTION

When 10,000 American Legionnaires come to Omaha next October for their great national convention, they will find what is probably the most elaborate system of registration ever perfected and installed for a convention of any kind. The special telephone system in connection with the convention is now being put in by the Northwestern Bell Telephone company at a cost of $45,000. The system of registration and telephone information is so complete that if Bill Eppley of Wolf Lick, Ky., wants to find his "buddy" Curtis Jones of Weed Calif., he can step into a telephone booth and locate his friend in two minutes, provided the friend has registered.

Around the Omaha court house, on three sides of the square, will be erected sixty registration centers, one for each state and department. Legionnaires will be whisked from the depots in free automobiles provided by the committee, right to their own state registration booth. Here they will register and be assigned to quarters. As rapidly as the Legionnaires register, their names, home residences and billetted addresses will be telephoned to a central exchange department which can be reached only by telephone. At this central exchange the information will be tabulated within one minute of receipt.

Special telephone booths are to be erected all over the business district and at strategic out-lying points, with direct connection with the special central. All a legionnaire will have to do to locate his friend is to enter one of these booths, pick up a telephone, give the name and home state of his friend, and in not more than two minutes he will be told just where his friend is stopping

The $45,000 which this special telephone system is costing is being paid by the telephone company, and the legion committee is not being taxed for the cost.

MRS. VALENTINO QUITS HER SHEIK

Hollywood, Calif., Aug. 21.—Rudolph Valentino, idol of the flappers, is about to lose his second wife, Natcha Ramboua. The screen sheik admitted that his "Sheba" had deserted him.

He denied, however, that a divorce was contemplated.

"It's just one of those friendly separations—a marital vacation," said Rudy. "There's been no violent quarrel and we're still friends."

Mrs. Valentino's manager says there has been a formal separation gareement.

Valentino said there had been "a clash of temperaments.

Mrs. Valentino, also known as Winifred Hudnut, adopted daughter of the perfume king, left here a week ago for New York, where she is to sail soon for Paris. Eastern dispatches hint at divorce.

Whatever the plans of the perfumer's daughter and however much her temperament may have clashed with that of Rudy's, their separation on the station platform here was anything but suggestive of divorce.

Rapturous kisses were exchanged to the tune of a battery of cameras. Scores of "stills" and at least a reel of film were snapped before the Sheba boarded her eastbound train.

BOUNTIES PAID BY STATE FOR QUELLING INDIAN UPRISINGS

Minnesota disburses nearly $25,000 annually in recognition of services rendered and disabilities suffered during the Sioux Indian Uprising of 1862. It is not generally known that there are still approximately 170 persons who are recipients of this state bounty. The year 1862 was indelibly stained with the blood and sacrifice of those involved in the horrors of that period and only they can appreciate its real trials and hardships. Just as federal pensions were awarded for service in the Civil War, so Minnesota recognizes the handful who laid aside the pursuits of peace and fought to save the pioneers of this state, in their isolated villages and hamlets, from the menace of the hostile Indians.

This month Ray P. Chase, state auditor, is forwarding pension checks to the individuals entitled to them, covering the second quarterly period of the present year, each calling for the sum of $36 and based on the statutory allowance of $12 per month. A few of those receiving the payments are under eighty years of age, several are near the century mark. Many of them contributed lavishly of their money and labor in the building of the North Star State.

Tardy recognition of those who contributed to the suppression of the Sioux Indian Uprising in 1862 found expression in the Legislative Session of 1905 when a bill was introduced for a pension of $12 per month for all persons rendering aid in the 1862 uprising and specifying back pay covering the interim. The back pay provision was promptly vetoed by Governor John A. Johnson who visualized a depleted treasury if the back pay feature was permitted. This provision was then eliminated and a payment of $12 a month from the time of the passage of the act substituted. This was satisfactory and the amended bill was approved.

The first pension payment was in 1907 when nearly $50,000 was distributed. In the four years following, sums ranging from $47,000 to $56,000 were disbursed, but with successive years the amount has steadily decreased until it is now within the $25,000 figure. The law covers not only those who participated but surviving widows. Death due to the infirmities of old age has sadly depleted the ranks of those entitled to the pension. Another decade and the list will have been wiped out.

The Sioux Indian uprising and its suppression is best told in the memoirs of Gov. Ramsey and Col. H. H. Sibley. While overlooked in the great civil conflict of that day, it is still an integral part of the state's history. All of the Indians participating were not of the kind known as bad Indians. The Chippewa tribe generally were friendly and included in those to whom checks are now being sent by Mr. Chase are several of the Chippewa nation. A number of half and quarter breed Indians are also listed.

Complete suppression of the Sioux Indian uprising did not come until 1864, and in the meantime there was frightful destruction of life and property. Some of the atrocities committed were beyond belief. Due to Col. Sibley's activity, over 300 Indians were condemned to death and 38 suffered the penalty.

Owatonna B. P. O. E. 1395 takes this opportunity of extendinf their appreciation to Brainerd Lodge No. 615 and the people of Brainerd for the many courtesies extended during the annual convention of the Minnesota State Elks Association.

Owatonna extends a real "HELLO BILL" invitation to you to visit us. We want you to actually feel the welcome spirit of Steel County, "the Butter Capital of the World," where hospitality is a religion. Down in Steel County, that little section of Minnesota consisting of twelve townships, we have 19,000 people and 36,000 dairy cows. Steel County produces more butter per square mile than any other county in the United States.

Besides butter our people diversify their farming and industries—that means Prosperity and Happy Homes.

On August 31 to September 3, inclusive, we are going to present the Seventh Annual of Minnesota's Biggest County Fair. Come down and visit us then or at any time.

HUSBAND BRANDS SEDUCER'S FACE

WIFE FORCED TO WATCH VENGEANCE TAKEN WITH HOT WIRE

Chicago, Aug. 21.—The brand of vengeance is burned deep in the face of Walter Johnson, 25.

The letters "V. F." some three inches in height were burned into Johnson's left cheek as he lay bound on the floor of the home of Victor Feleci.

With a white hot wire, and in the presence of his wife, who had confessed to indiscretions with the victim, Feleci scrawled the brand of shame and vengeance.

Today police have Mrs. Rose Feleci, 28, in custody and are looking for her husband.

Johnson staggered into the west Chicago police station Wednesday night and fainted. Revived he told how he had been summoned to the Feleci home, by Victor, 34, a friend of several years.

"Victor pointed a revolver at me and then he tied my hands and feet," Johnson said. "He told me he had found out about my friendship with his wife. Then he heated a wire over a gas jet and wrote his initials on my cheek."

Rose said her husband forced her to witness his vengeance.

"He made me turn Walter's head so he could use the wire just right," she said. "I wanted to scream, but he had a revolver and told us he would kill us both if we said a word."

Lions Club Booster Meet in Sunday Papers

The Lions club of Brainerd has received offiical notice from L. L. Evans, railway reporter who covered the boosters' banquet at Breezy Point on Wednesday evening, that the St. Paul Pioneer Press on Sunday will contain a full page report of the affair. A complete report of the details of the banquet, with pictures of the Brainerd lake region and of the local members of the Lions club, will be presented.

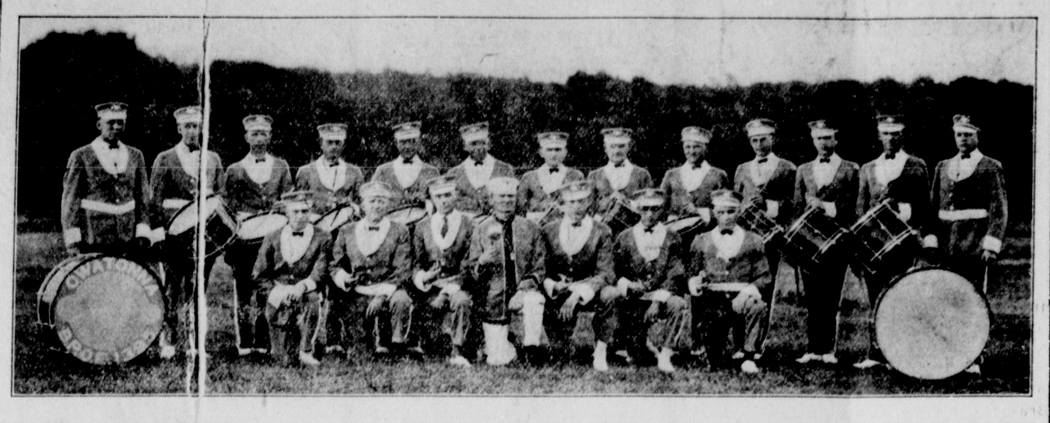

A telegram from Arthur E. Nelson, mayor of St. Paul, who was invited to attend but found it impossible to accept, reads as follows: "Regret exceedingly will be unable to attend dinner tonight at your kind invitation. Important meeting Thursday prevents. Please convey to members Lions club my hearty congratulations upon splendid idea they are carrying out tonight. The lake region around Brainerd is most worthy of extensive activity to acquaint people of this country with its charm. You have resources which you may never hesitate to promote. I should be happy to assist you in this excellent enterprise in any way I may be of assistance. St. Paul is pleased to lend you its hearty support." Arthur E. Nelson, mayor.

The Service News Agency has ordered a large supply of extra papers to fill the demand that is excepted for the Sunday edition of the St. Paul Pioneer Press.

NOVEL SYSTEM OF REGISTRATION

LEGIONNAIRES TO FIND IT EASY TO LOCATE BUDDIES AT BIG NATIONAL CONVENTION

When 10,000 American Legionnaires come to Omaha next October for their great national convention, they will find what is probably the most elaborate system of registration ever perfected and installed for a convention of any kind. The special telephone system in connection with the convention is now being put in by the Northwestern Bell Telephone company at a cost of $45,000. The system of registration and telephone information is so complete that if Bill Eppley of Wolf Lick, Ky., wants to find his "buddy" Curtis Jones of Weed Calif., he can step into a telephone booth and locate his friend in two minutes, provided the friend has registered.

Around the Omaha court house, on three sides of the square, will be erected sixty registration centers, one for each state and department. Legionnaires will be whisked from the depots in free automobiles provided by the committee, right to their own state registration booth. Here they will register and be assigned to quarters. Again the free automobiles will take them to these quarters where they can leave their baggage and come back down town in the automobile, if they wish to do so.

As rapidly as the Legionnaires register, their names, home residences and billetted addresses will be telephoned to a central exchange department which can be reached only by telephone. At this central exchange the information will be tabulated within one minute of receipt.

INSTITUTION OF STATE ASSOCIATION

Founder Was W. W. Koons of St. Cloud, Long Known as "Father" of State Association

RECORDS OF THE MEETING

Past Exalted Ruler A. L. Mattes of Brainerd Present at Organization March 10, 1905

At the State Association meeting Thursday one of the most interesting addresses was embodied in the report of Dr. Henry L. Bryant chairman of the historical committee. He submitted a mass of documents giving the history of the state association, minutes of many greetings having been compiled by the late W. W. Koons.

Mr. Bryant spoke entirely without notes and had all his data at his fingertips. Without a slip, he gave every president, events of such incumbency, paying a special tribute to the late Brother Koons.

The first written pages of the report are reproduced as follows, giving the organization meeting, officers, by-laws, etc:

The temporary organization of the Minnesota State Elks Association was formed at Minneapolis by District Deputy Grand Exalted Ruler W. W. Koons, March 10th 1905, and was perfected by the election of the following officers:

W. W. Koons was elected President A. J. Mullen, Minneapolis lodge, was elected Secretary.

A call of the roll showed the following delegates present, Albert Lea, F. H. Mallery, J. G. Skinner, W. L. Dewey.

Austin lodge, A. S. Campbell, L. French, J. J. Furlong, O. J. Simmons.

Brainerd, A. L. Matties.

Crookston, J. D. McPhee, J. H. Maybury, R. J. Dunlava.

Duluth, J. T. Armstead, M. S. McCormick, Cook Ely.

Little Falls, Matt Wenzel, S. R. Snow.

Minneapolis, F. F. Towle, G. M. Bleeker, Weed Munro, O. M. Batcheller, A. J. Mullen.

Red Wing, McIntrye, F. A. Sumner, C. E. Lillyblad, M. W. Cline.

St. Paul, Henry L. Bryant, C. S. Bartram, J. T. Schustler, John E. King, Frank H. Rice, E. H. Whitcomb, Fred M. Catlin and Elmer Dearth.

Winona, Joseph Leicht.

On motion of Brother Fred Schilplin of St. Cloud, the names as read by the Secretary, was taken to be the accredited representatives of the various lodges throughout the state the motion was duly seconded the following delegates was appointed to formulate a plan for organization. Albert Lee, J. G. Skinner, Brainerd, A. L. Matties, Austin, L. French, Crookston, R. G. Dunlava, Duluth, J. T. Armstead, Little Falls, S. R. Snow, Minneapolis, G. M. Bleeker, Red Wing, H. W. McIntyre, St. Cloud, Fred Schilplin, Stillwater, N. A. Nelson, St. Paul, C. S. Bartram, Winona, Jos. Leicht.

A recess was taken until 8 p. m. The committee at the evening session on organization made the following report. That the organization should first of all declare its fealty to the Grand Lodge, which is recognized as the source of all authority in this order, that the idea should be conveyed that the Association is solely for the purpose of bringing together our membership at least once a year with a view of closer fellowship and to the upbuilding of this great order by a more thorough dissemination of the principle thereof, with a view to more closely cementing the ties of friendship and fraternal love and to provide a means for greater sociability among the members of this fraternity.

Your committee beg leave to recommend that the Association be formed on the lines of a mass meeting, or convention to which every member in good standing providing his lodge shall be a member of the Association shall be eligible, that the expenses of each convention shall be born by a fund and limited to that fund created by the payment of a per capita tax levied on the membership of the lodges having membership, that at each Mass Convention each year the officers shall be elected and that such list of officers shall include a committee of one from each lodge to select after confering with the various lodges the place for the next meeting, and that a committee of one from each lodge here represented be appointed to draft a constitution and laws along these lines and report at this meeting.

On motion of Brother Skinner of Albert Lea, the report of the committee was adopted, Brother John E. King of St. Paul moved that the temporary organization be made permanent or until next regular meeting but later withdrew the motion.

Brother Simmons of Austin moved that the committee on organization retire and draft a set of by laws and report back at this meeting, carried, after a short intermission the committee recommended the following by laws, which was adopted.

BIGGEST FAIR EVER HELD

30 Acre Plant to House Minnesota State Fair and Dairy Exposition

Plans for the biggest fair ever held in the United States are rapidly drawing to a close at the 300-acre plant of the Minnesota State Fair and Northwest Dairy Exposition, September 5 to 12, state fair officials announced today.

The splendid crop conditions throughout most of the Northwest insure a record-breaking list of exhibits of all kinds, and of unusual quality. The cattle show will be as large as the one staged here by the National Dairy Show two years ago, while the horse, swine and sheep show will be bigger than any show of the kind ever held in this part of the country.

The state fair is offering a prize list of more than $140,000 for educational exhibits this year, which is $12,000 larger than that set aside by the next leading fair in America. More than $60,000 in prizes are to be given to encourage the raising of better livestock, and nearly $25,000 for the encouragement of boys' and girls' club work. Thirty-nine counties will stage exhibits of their agricultural work.

An entertainment program superior to any ever staged at the state fair will be presented this year, including harness racing, running horse racing, two stages of open air circus acts, the gigantic fireworks spectacle "Rome Under Nero," the 40-car Morris and Castle Shows, and a score of other big attractions.

Reduced rates lower than those offered fair visitors for many years will be given fair visitors from this section this year, insuring a large attendance from this part of the state.

PARKER E. WAITE HAS PASSED AWAY

Pioneer Resident of Brainerd Succumbs Early Yesterday Morning Following Operation

AT LOCAL HOSPITAL

Manufactured Lumbermen's Supplies Here and Later Owned the Gull Lake Hotel

Parker E. Waite, pioneer resident of Brainerd, passed away this Thursday morning at 3:30 o'clock, following an operation at a local hospital on last Monday morning.

Mr. Waite was born in Pickton, Ontaria, Canada, August 22, 1862. He moved to Sheyboyagan, Wisconsin, and was married there to Miss Laura Becker on July 3, 1884. To this union three children were born, Anna, who died in Brainerd about 19 years ago, Roy E. Waite, of Hollywood, California, and Mrs. Tremond Turcotte, of Brainerd.

Mr. Waite moved back to Canada and then came to Brainerd 32 years ago last April, where he engaged in manufacturing of lumbermen's supplies. He later purchased a number of miles of lake shore on the east side of Gull lake, and operated the Gull lake hotel at one time.

Later the family moved to Canada again and then to Hollywood, California, where Mr. Waite entered the contracting business with his son. Mr. and Mrs. Waite returned to Brainerd last May and have been in the city ever since. The deceased had been in ill health for the past three years, and came to the city that his family physician might care for him. An operation was performed last week, and a second was found necessary on Monday. Mr. Waite was cheerful until the last, and only Wednesday evening planned a fishing expedition with Mr. Turcotte as soon as he should recover from his illness.

Always of a cheerful disposition, Mr. Waite made many fast friends, and there were a great many in Brainerd, especially of the older residents, who learned of his passing with a most sincere regret.

He was a member of the Masonic lodge in Bath, Ontario, and at one time held membership in the Odd Fellows and the Eagles.

Mr. Waite put in the first work done in starting the erection of the buildings at the Walker sanitarium, and built the government road into that hospital about 20 years ago. He also was foreman in the construction of the Third avenue paving, as well as that on Kingwood and Kindred streets and in Southeast Brainerd. Later he did much of the carpenter work in the new Crow Wing county court house.

Surviving to mourn his loss are his wife and two children, and two grandchildren, Laura and Leo Turcotte.

The funeral will be held on Monday, August 24, and will be under the auspices of the Aurora lodge, No. 100 A. F. and A. M., for Maple Leaf lodge No. 199, Bath, Ont., of which Mr. Waite was a member. The services will be held from the D. E. Whitney chapel at 2 p. m.

INSTITUTION OF STATE ASSOCIATION

Founder Was W. W. Koons of St. Cloud, Long Known as "Father" of State Association

RECORDS OF THE MEETING

Past Exalted Ruler A. L. Mattes of Brainerd Present at Organization March 10, 1905

At the State Association meeting Thursday one of the most interesting addresses was embodied in the report of Dr. Henry L. Bryant chairman of the historical committee. He submitted a mass of documents giving the history of the state association, minutes of many greetings having been compiled by the late W. W. Koons.

Mr. Bryant spoke entirely without notes and had all his data at his fingertips. Without a slip, he gave every president, events of such incumbency, paying a special tribute to the late Brother Koons.

The first written pages of the report are reproduced as follows, giving the organization meeting, officers, by-laws, etc:

The temporary organization of the Minnesota State Elks Association was formed at Minneapolis by District Deputy Grand Exalted Ruler W. W. Koons, March 10th 1905, and was perfected by the election of the following officers:

W. W. Koons was elected President A. J. Mullen, Minneapolis lodge, was elected Secretary.

A call of the roll showed the following delegates present, Albert Lea, F. H. Mallery, J. G. Skinner, W. L. Dewey.

Austin lodge, A. S. Campbell, L. French, J. J. Furlong, O. J. Simmons.

Brainerd, A. L. Matties.

Crookston, J. D. McPhee, J. H. Maybury, R. J. Dunlava.

Duluth, J. T. Armstead, M. S. McCormick, Cook Ely.

Little Falls, Matt Wenzel, S. R. Snow.

Minneapolis, F. F. Towle, G. M. Bleeker, Weed Munro, O. M. Batcheller, A. J. Mullen.

Red Wing, McIntrye, F. A. Sumner, C. E. Lillyblad, M. W. Cline.

St. Cloud, W. W. Koons, Fred Schilplin, J. E. C. Robinson, L. E. Wakeman.

Stillwater, N. A. Nelson, D. F. Doyle and Eulten.

St. Paul, Henry L. Bryant, C. S. Bartram, J. T. Schustler, John E. King, Frank H. Rice, E. H. Whitcomb, Fred M. Catlin and Elmer Dearth.

Winona, Joseph Leicht.

On motion of Brother Fred Schilplin of St. Cloud, the names as read by the Secretary, was taken to be the accredited representatives of the various lodges throughout the state the motion was duly seconded the following delegates was appointed to formulate a plan for organization. Albert Lee, J. G. Skinner, Brainerd, A. L. Matties, Austin, L. French, Crookston, R. G. Dunlava, Duluth, J. T. Armstead, Little Falls, S. R. Snow, Minneapolis, G. M. Bleeker, Red Wing, H. W. McIntyre, St. Cloud, Fred Schilplin, Stillwater, N. A. Nelson, St. Paul, C. S. Bartram, Winona, Jos. Leicht.

A recess was taken until 8 p. m. The committee at the evening session on organization made the following report. That the organization should first of all declare its fealty to the Grand Lodge, which is recognized as the source of all authority in this order, that the idea should be conveyed that the Association is solely for the purpose of bringing together our membership at least once a year with a view of closer fellowship and to the upbuilding of this great order by a more thorough dissemination of the principle thereof, with a view to more closely cementing the ties of friendship and fraternal love and to provide a means for greater sociability among the members of this fraternity.

Your committee beg leave to recommend that the Association be formed on the lines of a mass meeting, or convention to which every member in good standing providing his lodge shall be a member of the Association shall be eligible, that the expenses of each convention shall be born by a fund and limited to that fund created by the payment of a per capita tax levied on the membership of the lodges having membership, that at each Mass Convention each year the officers shall be elected and that such list of officers shall include a committee of one from each lodge to select after confering with the various lodges the place for the next meeting, and that a committee of one from each lodge here represented be appointed to draft a constitution and laws along these lines and report at this meeting.

On motion of Brother Skinner of Albert Lea, the report of the committee was adopted, Brother John E. King of St. Paul moved that the temporary organization be made permanent or until next regular meeting but later withdrew the motion.

Brother Simmons of Austin moved that the committee on organization retire and draft a set of by laws and report back at this meeting, carried, after a short intermission the committee recommended the following by laws, which was adopted.

Preamble

The Grand Lodge being recognized as the source of all authority in this order our fealty to said Grand Lodge is hereby offered.

BIGGEST FAIR EVER HELD

30 Acre Plant to House Minnesota State Fair and Dairy Exposition

Plans for the biggest fair ever held in the United States are rapidly drawing to a close at the 300-acre plant of the Minnesota State Fair and Northwest Dairy Exposition, September 5 to 12, state fair officials announced today.

The splendid crop conditions throughout most of the Northwest insure a record-breaking list of exhibits of all kinds, and of unusual quality. The cattle show will be as large as the one staged here by the National Dairy Show two years ago, while the horse, swine and sheep show will be bigger than any show of the kind ever held in this part of the country.

The state fair is offering a prize list of more than $140,000 for educational exhibits this year, which is $12,000 larger than that set aside by the next leading fair in America. More than $60,000 in prizes are to be given to encourage the raising of better livestock, and nearly $25,000 for the encouragement of boys' and girls' club work. Thirty-nine counties will stage exhibits of their agricultural work.

An entertainment program superior to any ever staged at the state fair will be presented this year, including harness racing, running horse racing, two stages of open air circus acts, the gigantic fireworks spectacle "Rome Under Nero," the 40-car Morris and Castle Shows, and a score of other big attractions.

Reduced rates lower than those offered fair visitors for many years will be given fair visitors from this section this year, insuring a large attendance from this part of the state.

CROSBY WINS $150 PURSE IN ELKS' GAME

GREAT FOOTBALL SEASON IN PROSPECT

By HENRY L. FARRELL
(United Press Sports Editor)

New York, Aug. 21.—Thumps of youthful toes against a football will be heard soon on many fields in many places as the 1925 crop of prospective gridiron heroes begin to get ready for what should be a most unusual season.

Inter-sectional competition has been largely responsible for the extraordinary development of interest in the premier college sport and it has raised the game to the most popular American entertainment if attendance may be taken as a registration of popularity.

The inter-sectional competition this fall will be wider and more important than it ever has been.

Relations between the big eastern teams and the members of the powerful Western Conference teams have not been as intimate in the past as they might have been. Eastern teams look rather patronizingly on the middle-west and assumed the attitude that Western Conference teams should be willing to play them on their eastern home grounds without expecting the courtesy of a return call.

Alonzo A. Stagg, veteran Chicago coach, was the original champion of the intersectional idea for the promotion of better feelings and it was due to his influence perhaps that relations are becoming so much more friendly.

Several years ago western teams had to leave home and play in the east to convince the critics that they could play football. But now the east knows, without any evidence, that they know how to play football elsewhere.

With the exception of those old fixed classics, like the Yale-Harvard game, the Army-Yale game and the Army-Navy game, it is impossible to pick out the feature games on the schedule. Any feature game is but one of many features, depending largely upon sentiment and sectional locality.

Five years ago any radical critics would have ridiculed a prediction that in 1925 there would be found on the program such games as:

Chicago vs. Pennsylvania; Illinois vs. Pennsylvania; Chicago vs. Dartmouth; Columbia vs. Ohio State; Syracuse vs. Indiana and Navy vs. Michigan.

There are six games with six representative teams of the east against six strong teams of the Western Conference.

* * * * * * * * *

Then there have been scheduled again a number of inter-sectional games that have become established in the last three years, such as:

Notre Dame vs. the Army; Notre Dame vs. Georgia Tech; Notre Dame vs. Penn State; Penn State vs. Georgia Tech; Army vs. Detroit; Army vs. St. Louis and the Navy vs. Marquette.

* * * * * * * * *

Those in charge of college athletics do not like to hear that gate receipts are big factors in the arrangement of modern schedules. It remains as a fact, nevertheless, that generous support is required to finance the big athletic plants that are springing up all over the country and that good teams have to be scheduled as drawing cards where there is so much competition in the highly populated localities.

New football fields are to be opened this fall at Brown, Pittsburgh, West Virginia, Kentucky, Stanford, Georgia Tech and Dayton, among many more not of present memory.

MAINSTAY OF CUB PITCHING STAFF KNOCKED OUT OF THE BOX

LEFTY HANSON UNABLE TO WITHSTAND ATTACK OF TIGERS

The N. E. Tigers defeated the N. E. Cubs yesterday morning by a score of 13-9, knocking the mainstay of the Cubs' pitching staff out of the box. Lefty Hanson, who starred on the mound last Friday for the Cubs, was unable to withstand the onslaughts of the Tigers yesterday, and was relieved in the fifth round by V. Marshall, who carried the burden for two rounds.

F. Montgomery was the hitting star, connecting for a triple, double, and two singles in four trips to the plate.

The line-ups were as follows:

HARRY GREB HURT IN AUTO CRASH

RUSHED TO HOSPITAL AT PITTSBURGH, TWO RIBS WERE BROKEN, ETC.

Pittsburgh, Aug. 21.—Haryr Greb, world's middleweight boxing champion, was seriously injured in an automobile accident near here last night. He was rushed to a hospital where a first examination revealed that he suffered two broken ribs, severe bruises and possibly internal injuries.

Greb and two other men had set out in the fighter's automobile for Erie, Pa., where Greb was to meet Jimmy Darragh in an American Legion boxing match tomorrow night.

Twelve miles from here on descending a hill the fighter's car met two others. Slamming on the brakes the wheels locked and the Greb car skidded and overturned.

Passing automobilists rushed Greb to this city. His companions were not seriously hurt—Minneapolis Tribune.

BRAINERD LOST TO RANGE TEAM BY SCORE OF 6-4

GAME FULL OF BLOOD AND FIGHT FROM THE START TO THE END

OUTFIELDING RAGGED, PLAYERS REPEATEDLY MISJUDGE FLY BALLS

Two home runs, by both ends of Brainerd's battery, accounted for all of Brainerd's runs in yesterday's game at Crosby, but were not enough to overcome the ill effects of outfield errors, and Brainerd went down to defeat before the range players, 6-4. Crosby by winning the game took the $150 purse put up by the Elks convention committee.

The game was full of blood and fight from start to finale. The umpires were continually in hot water, and everybody seemed ready to take part in the contest.

Crosby counted first, in the opening paragraph. Lovdahl singled, and on Stark's attempt to sacrifice, both men were safe. The bags were filled when Imgrund threw wild on Richman's roller, and Lovdahl and Stark dented the rubber on Klein's hit to left center.

Brainerd took the lead in the second. Uddenberg doubled, and took third when Struble let Peterson's third strike get by hm, Peterson being safe on first, stealing second the next instant. Up comes Norman clouting catcher of the Brainerd nine, swinging his war club. He met one of Tracy's fast ones on a line, and laced it for a rising liner over the left field fence, sending Uddenberg and Peterson home ahead of him.

The lead was increased to two when Jones followed Norman's stunt, and swung one of the longest and highest flies ever seen on the Crosby field for a home run over the right field fence, in the fifth inning.

The sixth inning found the count knotted, a base on balls and a single putting two men on, and Klein's triple cleaning the bags. Two more hits in the seventh brought in another for the Rangers, and in the eighth Ziebell dropped a fly ball, allowing the runner to reach third, from whence he scored on a sacrifice fly.

The outfield play was ragged, the players misjudging fly balls continually. Jones pitched fine ball, and deserved to win, but his support was poor.

The line-ups were:

Brainerd	Crosby
McAlpine, cf.	Lovdahl, 3b.
Ziebell, rf.	Stark, ss.
Hanson, 1b.	Richman, cf.
Uddenberg, 2b.	Klein, rf.

Potato America's Gift

Although Ireland is popularly credited with having given the "Irish potato" to the world, this credit rightfully belongs to America. The Irish people were the first to quickly accept the potato as an article of food. This vegetable is supposed to have been brought north from Peru. It was growing in the North Atlantic coast when the earliest explorers came.

BRAINERD PLAYS OFF RUBBER WITH SEBEKA SUNDAY

GAME TO BE STAGED AT VERNDALE ON NEUTRAL GROUND

OPPOSING PITCHERS OF LAST SUNDAY TO REPEAT BATTLE

The Brainerd team will meet the fast Sebeka team in a rubber game next Sunday, on a neutral diamond. The game will be played at Verndale, and both teams are out to win this deciding game. In a game at Sebeka a few weeks ago, Brainerd was defeated, 5-1. Last Sunday at Brainerd they turned the tables and copped a pitchers' duel after ten innings of gruelling play, 2-1.

The same two pitchers will face each other on Sunday, Buck Jones for Brainerd and Smoke Olson for Sebeka. Sebeka claims that they can beat Brainerd on a neutral field and have offered to put up a $50 side bet to support their claim.

The roads are good and many fans are expected to accompany the team to Verndale.

LONG DISTANCE HIKER IN CITY

CHARLES L. GREENLEAF TAKES WALKS CONTINENT-WIDE

Charles L. Greenleaf, self-styled "Longest distance hiker in the United States," arrived in Brainerd on Thursday evening from the west on a tour of the country. He claims to have made the tremendous distance from Los Angeles, Calif., his home, to New York City, south through Florida, back to Chicago and then to Los Angeles, hiking all of the way.

Not contented to be in his home city, Greenleaf made a second start, going up the Pacific coast to Seattle, then to Spokane, where he attended the Elks convention and is now headast to Portland, Maine, and then down to Florida, a trek of over 14,000 miles.

Greenleaf, who has been on the road for 20 actual walking months which covered a period, including stop-overs, of over three years, since March 1st, 1922, carries a load of 45 pounds, a smile that he says has fifty thousand vibrations, and walks on his two "iron legs," so nicknamed in Spokane because of their hardy quality.

The hiker states that he has written a splendid book on his journeys which he has named "A Hiker," to be published next winter or spring This is to be No. 1 of a series of three such books. In it he claims to have worked out a plot often tried but seldom if ever successfully portrayed in literature, namely a quadrangle love theme, which is very complicated and which he promises will keep the reader guessing from the first chapter to the last.

Mr. Greenleaf went on to Minneapolis today, after paying his respects to the officers of the state Elks association.

CROSBY WINS $150 PURSE IN ELKS' GAME

GREAT FOOTBALL SEASON IN PROSPECT

By HENRY L. FARRELL
(United Press Sports Editor)

New York, Aug. 21.—Thumps of youthful toes against a football will be heard soon on many fields in many places as the 1925 crop of prospective gridiron heroes begin to get ready for what should be a most unusual season.

Inter-sectional competition has been largely responsible for the extraordinary development of interest in the premier college sport and it has raised the game to the most popular American entertainment if attendance may be taken as a registration of popularity.

The inter-sectional competition this fall will be wider and more important than it ever has been.

Relations between the big eastern teams and the members of the powerful Western Conference teams have not been as intimate in the past as they might have been. Eastern teams look rather patronizingly on the middlewest and assumed the attitude that Western Conference teams should be willing to play them on their eastern home grounds without expecting the courtesy of a return call.

Alonzo A. Stagg, veteran Chicago coach, was the original champion of the intersectional idea for the promotion of better feelings and it was due to his influence perhaps that relations are becoming so much more friendly.

Several years ago western teams had to leave home and play in the east to convince the critics that they could play football. But now the east knows, without any evidence, that they know how to play football elsewhere.

With the exception of those old fixed classics, like the Yale-Harvard game, the Army-Yale game and the Army-Navy game, it is impossible to pick out the feature games on the schedule. Any feature game is but one of many features, depending largely upon sentiment and sectional locality.

Five years ago any radical critics would have ridiculed a prediction that in 1925 there would be found on the program such games as:

Chicago vs. Pennsylvania; Illinois vs. Pennsylvania; Chicago vs. Dartmouth; Columbia vs. Ohio State; Syracuse vs. Indiana and Navy vs. Michigan.

There are six games with six representative teams of the east against six strong teams of the Western Conference.

* * * * * * * * *

Then there have been scheduled again a number of inter-sectional games that have become established in the last three years, such as:

Notre Dame vs. the Army; Notre Dame vs. Georgia Tech; Notre Dame vs. Penn State; Penn State vs. Georgia Tech; Army vs. Detroit; Army vs. St. Louis and the Navy vs. Marquette.

* * * * * * * * *

Those in charge of college athletics do not like to hear that gate receipts are big factors in the arrangement of modern schedules. It remains as a fact, nevertheless, that generous support is required to finance the big athletic plants that are springing up all over the country and that good teams have to be scheduled as drawing cards where there is so much competition in the highly populated localities.

New football fields are to be opened this fall at Brown, Pittsburgh, West Virginia, Kentucky, Stanford, Georgia Tech and Dayton, among many more not of present memory.

N. E. TIGERS WIN FROM THE N. E. CUBS

MAINSTAY OF CUB PITCHING STAFF KNOCKED OUT OF THE BOX

LEFTY HANSON UNABLE TO WITHSTAND ATTACK OF TIGERS

The N. E. Tigers defeated the N. E. Cubs yesterday morning by a score of 13-9, knocking the mainstay of the Cubs' pitching staff out of the box. Lefty Hanson, who starred on the mound last Friday for the Cubs, was unable to withstand the onslaughts of the Tigers yesterday, and was relieved in the fifth round by V. Marshall, who carried the burden for two rounds.

F. Montgomery was the hitting star, connecting for a triple, double, and two singles in four trips to the plate.

The line-ups were as follows:

Tigers	Position	Cubs
S. Novich	c.	A. Hohman
G. Elling	p.	H. Hanson
H. Graff	1b.	D. Rosina
A. Nelson	2b.	J. Hogan

HARRY GREB HURT IN AUTO CRASH

RUSHED TO HOSPITAL AT PITTSBURGH, TWO RIBS WERE BROKEN, ETC.

Pittsburgh, Aug. 21.—Haryr Greb, world's middleweight boxing champion, was seriously injured in an automobile accident near here last night. He was rushed to a hospital where a first examination revealed that he suffered two broken ribs, severe bruises and possibly internal injuries.

Greb and two other men had set out in the fighter's automobile for Erie, Pa., where Greb was to meet Jimmy Darragh in an American Legion boxing match tomorrow night.

Twelve miles from here on descending a hill the fighter's car met two others. Slamming on the brakes the wheels locked and the Greb car skidded and overturned.

Passing automobilists rushed Greb to this city. His companions were not seriously hurt—Minneapolis Tribune.

BRAINERD LOST TO RANGE TEAM BY SCORE OF 6-4

GAME FULL OF BLOOD AND FIGHT FROM THE START TO THE END

OUTFIELDING RAGGED, PLAYERS REPEATEDLY MISJUDGE FLY BALLS

Two home runs, by both ends of Brainerd's battery, accounted for all of Brainerd's runs in yesterday's game at Crosby, but were not enough to overcome the ill effects of outfield errors, and Brainerd went down to defeat before the range players, 6-4. Crosby by winning the game took the $150 purse put up by the Elks convention committee.

The game was full of blood and fight from start to finale. The umpires were continually in hot water, and everybody seemed ready to take part in the contest.

Crosby counted first, in the opening paragraph. Lovdahl singled, and on Stark's attempt to sacrifice, both men were safe. The bags were filled when Imgrund threw wild on Richman's roller, and Lovdahl and Stark dented the rubber on Klein's hit to left center.

Brainerd took the lead in the second. Uddenberg doubled, and took third when Struble let Peterson's third strike get by hm, Peterson being safe on first, stealing second the next instant. Up comes Norman clouting catcher of the Brainerd nine, swinging his war club. He met one of Tracy's fast ones on a line, and laced it for a rising liner over the left field fence, sending Uddenberg and Peterson home ahead of him.

The lead was increased to two when Jones followed Norman's stunt, and swung one of the longest and highest flies ever seen on the Crosby field for a home run over the right field fence, in the fifth inning.

The sixth inning found the count knotted, a base on balls and a single putting two men on, and Klein's triple cleaning the bags. Two more hits in the seventh brought in another for the Rangers, and in the eighth Ziebell dropped a fly ball, allowing the runner to reach third, from whence he scored on a sacrifice fly.

The outfield play was ragged, the players misjudging fly balls continually. Jones pitched fine ball, and deserved to win, but his support was poor.

The line-ups were:

Brainerd	Crosby
McAlpine, cf.	Lovdahl, 3b.
Ziebell, rf.	Stark, ss.
Hanson, 1b.	Richman, cf.
Uddenberg, 2b.	Klein, rf.
Peterson, ss.	Roring, lf.
Norman, c.	Lindahl, 1b.
Sheflo, lf.	Struble, c.
Imgrund, 3b.	Schmidt, 2b.
Jones, p.	Tracy, p.

Score by innings:

Potato America's Gift

Although Ireland is popularily credited with having given the "Irish potato" to the world, this credit rightfully belongs to America. The Irish people were the first to quickly accept the potato as an article of food. This vegetable is supposed to have been brought north from Peru. It was growing in the North Atlantic coast when the earliest explorers came.

GRAND LODGE OFFICERS GIVEN AN OVATION

ROBINSON AND MAC FARLAND DELIVER TALKS

GRAND SECRETARY GIVES A SURVEY OF THE ORDER OF ELKS

PAST GRAND EXALTED RULER MAC FARLAND REPRESENTATIVE OF ATWELL

Bright, sunshiny weather and light breezes ushered in the second day of the Elks State convention in Brainerd. Yesterday closed in a blaze of color, drum corps and bands marching, Elks and their ladies on auto tours, dancing in pavilions and sections of street.

The ritualistic contest for the State Association cup, competed for by Stillwater and Hibbing ritualistic teams, was won by Stillwater. The judges were Ike Lederer, St. Paul; Thomas P. Gleason, Minneapolis; James R. Jerrard, St. Cloud; Rev. E. C. Clemans, Owatonna, and Gus Ludwig of New York Lodge No. 1.

Past Grand Exalted Rules James MacFarland of Watertown, S. D., a representative of Grand Exalted Ruler Atwell, and Grand Secretary Fred C. Robinson of Chicago addressed the state association and were given ovations. In the matter of community welfare, Past Grand Exalted Ruler MacFarland advocated lodges taking up the education of worthy boys and girls, otherwise denied university privileges. Grand Secretary Robinson reported the Elks membership now nearing the 850,000 mark. In his tenure of office he has seen the order grow from 120,000 members to a point nearing the million mark.

At the memorial services held, the eulogy for the father of the state association, was delivered by President John E. Regan of Mankato. It was a touching tribute. The eulogy for James P. Healy, a past president, was delivered by J. L. Shely of St. Paul.

Today is Parade Day which includes auto tours, golf matches, a registered trapshoot with over 100 shooters of the Northwest assembled, band concerts for $600 cash prizes, drum corps contest, the huge parade at 5 p. m., a massed massed band concert, and the evening pavilion dance and aquatic sports.

Tomorrow is Breezy Point Day and that million dollar resort is flashing the Elks colors and a broad welcome. Auto tours will take the Elks through the Brainerd Lake Region to the resort of Captain and Mrs. William H. Fawcett.

Movie Pictures by Finkelstein & Ruben

Early in the day the movie picture operator, F. C. Suessenguth, filming for the Finkelstein & Ruben chain of 75 or more theatres, got busy taking the Elks state convention. Announcement was made at the ritualistic contest in the evening by John A. Hoffbauer, chairman of the publicity committee, that all lodges have their complete representations in the parade in order to make the picture appealing to the 24 lodges of the state.

Registration headquarters was filmed with the crowds being registered. There followed a close-up of the St. Paul drum corps. Then a run was made to the registered tournament of the Brainerd Gun club where some hundred shooters, nearly all Elks, are blazing away at the clay birds.

Squad No. 6 was given a close-up and the men snapped were Captain Willam H. Fawcett, zone manager of the trapshooting association; Fred McKayff, of Minneapolis; Ernest Lemke, of Grand Forks, N. D.; Roger Fawcett of Minneapolis; Alex Fischer of Beaufort, S. C.

State officers are to be filmed, grand lodge officers, the parade, the golf club, water tower, general sweep of the parade, bands corps, floats, etc., closing with Breezy Point and other sections of the Brainerd Lake Region.

Diving Act at Lum Park at 7 p. m.

This evening, after the parade, at 7 p. m., will be presented an aquatic act of highest quality by Mrs. Floyd Thompson. Her act will consist of high and fancy diving, board-work and as a feature will make a thrilling escape from a heavy sack under water. Using a heavy diving belt to weight her down and being tied securely into the sack, she will drop into the water and let the spectators hold their breath while she works beneath the surface to secure her release. She holds a record for women for staying under the water for four minutes and 18 seconds, but expects to make her escape in less time tonight. For her diving act she has secured a special costume in the Elks colors, purple and white.

Thomas B. Wilson

Slated for District Deputy North

Thomas B. Wilson, Past Exalted Ruler of Minneapolis 44, has been Third, Second and First Vice President successively of the State Association. He has been slated for District Deputy North, and recommended by his home lodge, Minneapolis No. 44.

He is a good speaker, knows the ritual like a book. As head of the membership committee of Minneapolis 44, his committee brought in 96 new members in six weeks.

COOLIDGE PAYS VISIT TO HIS OLD HOME TOWN

INSPECTS SCENES OF HIS EARLY STRUGGLES IN POLITICS

IS GUEST AT THE HOME OF HIS MOTHER-IN-LAW

(By United Press)

North Hampton, Mass., Aug. 21.—President Coolidge, most successful Bay state citizen, today parked in the admiring gaze of his home town folk—those who watched his early struggle in politics and who are now in position to say, "I told you so."

The president and Mrs. Coolidge are visiting her mother, Mrs. Almira Goodhue. They arrived late yesterday by motor from Plymouth, Vt., after a six-day visit with Col. John Coolidge the president's father.

The street in front of the little frame duplex house in which they lived 15 years ago and which is still the residence and the actual home of his mother-in-law was thronged with citizens until late at night.

The president unrecognized went for a night automobile ride through the city and attempted ineffectually to get into the office in the Masonic building which he occupied when he was law partner of Ralph Hemenway. Hemenway had left the office and returned to a hotel to talk over old times with newspaper men.

The president will probably return to Swampscott, 100 miles east of here, this afternoon.

$250,000 TAKEN IN TORTURE HOLDUP BY FOUR BANDITS

FORCE JEWELER TO OPEN SAFE BY TWISTING HIS ARMS

SAID TO BE BOLDEST ROBBERY SINCE DRAKE HOTEL RAID

(By United Press)

Chicago, Aug. 21.—Torture bandits who twisted Sig Lazarus' arms in their sockets until he agreed to open his jewelry safes and allow them to escape with more than a quarter of a million dollars' worth of loot are sought throughout Chicago and suburbs today.

Police described the holdup as the boldest since the raid on the fashonable Drake hotel several weeks ago.

Four bandits entered the building where Lazarus operates a wholesale jewelry office on the 7th floor. They knocked the elevator operator unconscious, took the car to the 7th floor, entered the jewelry office and commanded Lazarus and all employes and customers to hold up their hands.

When Lazarus refused to unlock his safes, one bandit seized one arm and another bandit the other arm, slowly twisting until Lazarus thought the flesh would soon tear. The bandits repeated their demands, warning that they would end the victim's suffering with a bullet if he cried out.

When the owner of the office reached the end of his fortitude, he gave up and opened the safes. Then the bandits placed between $250,000 and $500,000 worth of jewels into handbags and suit cases and went back down by the elevator and escaped in an automobile whose driver was awaiting for them in the street.

COOL WAVE HITS MID-WEST TODAY IN NEW LOW MARK

COATS AND SWEATERS COMFORTABLE IN SUDDEN DROP MERCURY

OKLAHOMA HAS SMALL SNOW STORM, HAIL IN IOWA

Chicago, Aug. 21—An unseasonable wave of cool weather swept over the middle west today.

Temperatures dropped suddenly after reaching new high marks in several states during the early part of the week.

Top coats and sweaters were worn with comfort in Chicago. Bathing beaches swarming with heat sufferers two days ago were deserted. Thermometers registered 56 degrees.

At St. Louis where the last three days have been the hottest in three years, the mercury dropped almost 30 degrees in a few hours. Oklahoma had a small snow storm.

Smoke crawled from hundreds of chimneys as housewives set fire to the summer's accumulation of rubbish in their furnaces in an attempt to take the chill off their homes.

A strong, northeasterly wind reduced the temperature below 50 degrees at Madison, Wis. St. Paul reported a temperature of 50 degrees with a forecast of "showers and warmer."

Iowa, where heavy hail and rain storms broke a drought, but damaged crops, was experiencing chilling weather.

The federal weather forecaster here said the cool spell would end tonight and that moderate temperature would prevail over Saturday and Sunday.

FOREST FIRES STILL RAGE IN THE TUJUNGA CANYON

5,000 ACRES OF TIMBER SWEPT BY FLAMES THIS MORNING

DENSE SMOKE CLOUDS HINDER FIREMEN IN THEIR WORK

(By United Press)

Pasadena, Calif., Aug. 21. — The forest fire in the big Tujunga canyon two miles from Pasadena raged unabated today defying the efforts of 500 men to check the blaze.

Approximately 5,000 acres of the Angelus reserve had been swept by the flames this morning. Twelve men had been taken from the fire lines suffering severe burns. The Red Cross sent several nurses to the scene and established relief quarters at various points in the fire zone.

Although spreading rapidly in area, the blaze was held from sweeping in the direction of Pasadena.

Dense clouds of smoke hovered over the outskirts of the city while additional truck loads of volunteers left here for the fire zone this morning to relieve those on duty who have been on duty 24 hours or longer.

William W. Koons

Father of State Elks Association and Past Treasurer of Association

"Billy Koons has joined that great phalanx of those worthy Brothers who have gone before but his spirit still hovers over the State Elks Association and his efforts to make the Minnesota State body one of the outstanding groups in Elkdom will never be forgotten.

His labors toward the "Good of the Order" found expression in many ways and the Rochester welfare project, which has just been recognized by the Grand Lodge as a movement worthy of their support, was inspired through his zeal to identify the state body with a project which might benefit Elkdom of the entire nation.

"Billy" Koons has gone but his virtues will be truly graven on the Tablets of Love and Memory.

24 DIRECTORS TO START ANDREWS' PLAN SEPT. 1ST

ELIMINATION OF OUTLAW LIQUOR MAIN OBJECT OF DRY FORCES

TO MAKE LIQUOR COSTS MORE THAN MARKET WILL PAY

(By United Press)

Washington, Aug. 21.—The new national staff of 24 regional prohibition directors who are to inaugurate on September 1st the "Andrews' plan" of dry enforcement were announced today by Assistant Secretary of the Treasury Andrews, new dry czar.

The list includes:

District No. 13, Illinois, except southern counties of eastern judicial district in Indiana and eastern judicial district of Wisconsin: Headquarters, Chicago, B. A. Ewing.

District No. 15, Minnesota, North Dakota and western district of Wisconsin: Headquarters, St. Paul, A. C. Townsend, acting.

District No. 16, Nebraska, Iowa and South Dakota: Headquarters, Omaha, A. W. Campbell.

The designation "acting" signifies that the appointment is only temporary, and that the official designated may later be replaced.

At the same time, Andrews issued a three-page statement comprising orders to the new directors.

The statement follows in part:

"The national prohibition laws make it unlawful to supply alcoholic beverages to those who want to buy them. The big demand for these beverages creates a ready market and under the law of supply and demand, the business of selling to this market has been established. This outlaw business in all its manifestations is a real enemy of government and society.

"Its elimination is the main objective of the federal forces. This bootleg business may be eliminated by depriving it of its sources of supply or by depriving it of its market. It may be seriously impeded by the arrest and punishment of those who direct its operations, who furnish it protection, banking facilities, tactical assistance and by making its operations more expensive than the market will bear.

"The federal forces have been reorganized and will be concentrated upon the task of eliminating the bootleg industry and energies will be directed primarily to their end, looking along those lines of attack.

"The government by treaties and negotiations will make it more and more difficult for unscrupulous operators to take advantage of the protection of foreign flags to engage in large smuggling operations by sea and will also make smuggling from the territory of our near neighbors both difficult and dangerous.

"Beside the coast guard first line on our sea fronts and all of our borders, both sea and land, the customs are being organized and reenforced to take the responsibility for stopping smuggling along his own front.

"With these customs lines the prohibition unit is organized to attack domestic sources of supply, distilleries, industries using alcohol and breweries if proved to be sources of supply to bootlegging trade will be proceeded against as nuisances and closed. This is purely a business proposition easily understood and should be capable of execution. Our inspectors will be trained chemists and pharmacists and their enforcement agents trained criminal investigators and under-cover operators.

"Meantime, we shall proceed vigorously towards the arrest and punishment through major conspiracy cases of those who are conducting the bootleg business. These cases will be made under legal guidance and with the close co-operation of the department of justice and will be given speedy court action. In each district counsel should give prompt attention to clearing court dockets in order that the schedule may be clear for prompt action along the above line.

"The attack on the market must be a matter of education and can best be conducted by those organizations and individuals interested in the law observance and community welfare."

Mrs. John G. Price

The lady who for the past 12 months has been the "right bower' of one of Elkdom's greatest leaders has made a record as a traveler which compels the admiration of everyone—and she likes it. We asked her just how she stood the long grind of continual jumps to this or that subordinate lodge and she replied, "I just love it."

"What can you do with a lady like that?" we ask you.

The ladies of Elks of Portland Lodge went into ecstacies about her and columns of space were devoted to the "First Lady of Elkdom" who modestly admitted having traveled something like 50,000 miles with her devoted "Hubby" during the past year.

GOOD CROPS AND FAIR PRICES TO BOOM FARMING

FARM LIQUIDATION TO END WITH MARKETING OF 1925 CROP

AGRICULTURE TO BE RELIEVED FROM POST WAR DEPRESSION

(By United Press)

Minneapolis, Aug. 21—Farm liquidation will end wth the marketing of the 1925 crop which will place farmers on a sound financial basis.

This was the message given Thursday night to the editors attending the convention of the standard farm papers—a middle west and southern organization, by C. V. Gregory, editor of the Prairie Farmer, Chicago.

The combination of generally good crops and good prices will swing agriculture of the nation out of the last throes of post-war depression, he said.

POLICE FAIL TO IDENTIFY BODY

REMAINS FOUND IN BURNT HAY HAY STACK STILL IN IOWA MORGUE

(By United Press)

Minneapolis, Aug. 21.—Hopes of Des Moines police to identify the body of a woman located in a burned hay stack there through a letter bearing the name of Mrs. T. W. Baker, Minneapolis, were destroyed today.

Mrs. Baker explained the note to local police as possibly a letter of introduction given the woman by a relative. Police are checking the list of relations.

Although the body was discovered July 25 searchers failed to uncover clues until Wednesday when they located a blood-stained hammer, a man's shirt and a woolen glove.

FIVE OFFICERS ARE WANTED ON DOZEN CHARGES

EMBEZZLEMENT CHARGES, SINGLY AND JOINTLY, MAKE UP INDICTMENTS

SEVERAL FORMER ACTIONS AGAINST OFFICERS FAILED TO CONVICT

(By United Press)

Fargo, Aug. 21.—Echoes of the crash of the defunct Scandinavian-American bank, a Nonpartisan league institution here, resounded throughout the northwest today.

Five men, including John J. Hastings, prominent leaguer, are hunted by authorities throughout the northwest to answer a dozen charges. The men were indicted Thursday at New England, N. D., charged jointly with the embezzlement of $135,000 and separately with the embezzlement of $15,400.

The four men named with Hastings are John C. Grimm, F. A. Hines, A. J. Praxel and C. C. Griffith, all officers, directors and stockholders of the bank.

Alleged defalcations on which the New England warrants are based were made, it is charged in the warrants, in February, 1925, when the defendants took over the bank and on March 10, when it closed.

Hines and Hastings formed a banker's holding company in Minnesota and planned to reorganize closed Minnesota banks, according to a report of A. J. Viegel, Minnesota banking commissioner. This company, according to the report, bought the now defunct Becker, Minn., bank, but was forced to turn back the stock on the ground that the firm was not liable.

Hastings, Grimm and Griffith are wanted on charges of obtaining signatures under false pretenses and also selling stock in North Dakota without permission. Hastings is also wanted on charges of false pretenses.

Several actions were instituted against the men here, but all ended in failure to convict. The last of these was in Grand Forks earlier this year.

C. C. Griffith was organizer of the United Consumers' stores in North Dakota during the palmy days of the league.

BELGIAN DEBT TERMS APPROVED BY PRESIDENT

PAPERS SENT TO WASHINGTON AFTER COOLIDGE SIGNS THEM

NEXT STEP NOW UP TO CONGRESS AT ITS DECEMBER SESSION

(By United Press)

Northhampton, Mass., Aug. 21.—The terms of the Belgian debt settlement have met the full approval of President Coolidge.

The papers presented to the president by his personal stenographer who met him on his arrival here from Plymouth, Vt., were signed at once and were taken back to Swampscott where they will be sent to Washington.

The president's signing of the agreement leaves the next step in the debt funding agreements so far as the United States is concerned up to congress which will be asked to ratify the settlement when it convenes in December.

MAYOR CAIN MAKES REQQUEST

Asks That Store Windows be Well Lighted Tonight, And That Flags be Taken in at Sun-Down

Mayor George A. Cain requests that Brainerd business houses keep their store windows well illuminated this evening, so that the streets of the city may present a better appearance to the visiting Elks. Last night the majority of the windows were dark early in the evening.

Several complaints came in to the mayor this morning that flags throughout the city were left standing all night. This is decidedly against the rules of respect to the nations colors, which should be taken in at sun-down and not put out again until after sun-up. Mr. Cain asks that these courtesies to the flag be observed tonight.

She Surprised Her Husband

We know a lady in this town who receives a regular allowance for the home expenses, which is a good idea. Her husband deposits a certain sum to her credit each month and she checks against it.

But the best part of the story is this: She wanted a new dress but didn't like to "spring" it on her husband. So she started a little economy campaign and saved enough from her allowance in a little while to buy the dress. And her husband says he will take his hat off to her for her thriftiness.

So do we!

It's fun to save money for a purpose. If you want to buy something—for yourself or the home—just start a savings account and see how quickly it can be done.

9 OUTSTANDING MAYTAG FEATURES

1 Washes faster.
2 Washes cleaner.
3 Largest hourly capacity in the world.
4 Most compact washer made—takes floor space only 25 inches square.
5 Cast aluminum tub—can't warp, rot, swell, split or corrode.
6 Easily adjusted to your height.
7 Clothes can be put in or taken out with the washer running.
8 Tub cleans itself.
9 All metal wringer. Self adjusting. Instant tension release.

9 REASONS FOR WORLD LEADERSHIP

THE Maytag Gyrafoam washing principle is so far ahead of any other washing principle that you would not believe it possible. So we suggest you disregard all claims—and do this one thing:

Test the Maytag in your own home, in your own way, in comparison with any or all other washers. If it does not sell itself to you "heart and soul" do not keep it.

More housewives buy Maytags than any other washer—and they buy them because the Maytag sells itself to them right in their own homes.

Call us and we will bring a Maytag Gyrafoam Washer to your home to do a wash for you—where you may test it for yourself in your own way, *on your own wash*. There is no obligation whatever.

Deferred Payments you'll never miss

GARDEN FLOWER EXPERT COMING

C. E. Cary of the University to be Judge at Garden Flower Show

TO BE HELD HERE NEXT WEEK

Another Guest of Flower Show Will be A. J. Wilkus of St. Paul

C. E. Cary, garden flower expert of the University of Minnesota, will be the judge at the flower show to be held here next week.

Mr. Cary was secured through the efforts of L. P. Hall, president of the Crow Wing County Garden Flower Society. The securing of Mr. Cary will be a big feature, as he will not only judge the flowers, but will be ready to give such information as is desirous about flower growing.

Another guest of the flower show will be A. J. Wilkus, of the Riverview gardens of St. Paul. Mr. Wilkus has attended other flower shows here and will be present with a table of the newer varieties of gladioli Mr. Wilkus is president of the Northwestern Peony and Iris association. While making a display he will not solicit orders, although he will receive orders from those wishing to give them. He states that he believes these flower shows should be kept free from order solicitations. He will be willing to show his flowers and give any information he has. Many will remember his large display of peonies from his Riverview gardens, shown at the local peony show.

The silver loving cup to be presented as a sweepstakes prize for dahlias donated by the First National bank, has arrived and is on display at that bank. The Citizens State bank loving cup, sweepstakes prize for gladioli, is on display at the Citizens State bank.

The committee on arrangements has secured the loan of over a thousand quart milk bottles, to be used in displaying the dahlias, gladioli, and sweet peas, particularly.

COMPLETE LONG AUTO TRIP

Brainerd Girls Cover 10,000 Miles, Visiting 14 States and 2 Foreign Countries

The Misses Millicent Russell, Ruth and Amy Pentin and Kathryn Sullivan returned Wednesday from an extended western tour. Miss Russell and the Misses Sullivan left Brainerd June 1, and were joined by the others in Montana. The young ladies motored north through Glacier National Park, Banff and Lake Louise, then to Spokane and Seattle, Wash.

Following the Pacific coast through Portland, Ore., Crater lake and into California, stops were made at San Francisco, Los Angeles, Hollywood, San Diego and the Catalina Islands.

Old Mexico was visited and the Mojave desert crossed enroute to the Grand canyon by way of the Needles. The route then took the tourists through Arizona, New Mexico, Colorado, Wyoming, Nebraska, North and South Dakota.

Fourteen states and two foreign countries were visited in this tour that covered 10,000 miles. The young ladies agree that they had a most pleasant vacation, and one that was educational as well.

RECORD BASS CAUGHT

Tourists From Slifer And Farnhamville, Iowa, Are Lucky Fishermen

Oscar Madson and Earl Harter, the former from Slifer, Iowa, and the latter from Farnhamville, Iowa, caught a record black bass at Nisswa lake, near Hubert, weighing 5 pounds and 10 ounces, the largest caught so far this season. The big beauty was taken on a Heddon Dowagiac minnow.

These men, who are summer visitors in this section, have been very successful in landing black bass of good size. They are very enthusiastic over the Brainerd lake region, and the fishing facilities to be found here.

The big bass in question was on display in the Perry Hardware Company's windows.

BOY SCOUT CAMP TO BE IMPROVED

If Suggestions Made by the Camp Committee Are Carried Out Before Next Season

AT CAMP CLEARWATER

81 Boys Attended Camp This Summer Under Direction of Scout Executive S. S. Shaver

The construction of an ice house, the driving of a new pump, construction of several log huts from adjacent timber, and betterment of docs and swimming facilities are the major improvements suggested for Camp Clearwater by the Boy Scout camp committee, as contained in a report just printed. The committee is composed of John Woodhead, Brainerd, C. F. Scheuer, Crosby, and B. Magoffin, Jr., Deerwood.

The conducting of the camp this year proved highly satisfactory from all angles. Eighty-one boys attended the camp, some of them attending more than one period, so that the total of ten-day campers was ninetwo. They were under the direction of the Scout executive, S. S. Shaver, and his assistant, K. S. Bouma, who did duty as assistant director and swimming instructor.

Visitors were on the ground almost daily and an estimate of Sunday vistors shows that during the entire season the average was over one hundred per Sunday. All spoke with approvel in regard to the camp and program. The purpose of admitting visitors on the grounds at any time was merely to advertise the benefits which could be secured in attending such a camp.

The general program, in addition to the Scout work, was the Honor Belt system. Sunday being a day of rest and visitors' day, no program was conducted outside of religious services, conducted by local pastors. Members of Catholic congregations were taken to town for morning services.

Instructions were given in all scout tests to individuals and group meetings. A great many Scout tests under First Class were taken and ninety-four Merit Badges were awarded. These badges included life saving, swimming, pioneering, cooking and others.

Practically every official and member of the council visited the camp during the camping season. Other official visitors were Mr. Wessell, Assistant National Camp Director of New York, H. F. Pote, Regional Scout Executive, T. H. Haddon, Scout Executive of Duluth, and others.

One of the recommendations for next year is the construction of a safety dock and boat landing, a guard rail for inexperienced swimmers in not more than four feet of water, a diving tower and float. In addition, one or two boats should be added to the present equipment. In this connection the committee recognizes the generous loaning of boats on occasion by Con O'Brien, across the lake from the camp.

The State Forestry Department has volunteered to furnish 2,000 evergreen trees to be shipped at request during the spring. These should be secured and planted along the shore in order that they will secure proper growth by the time the older trees on the site are gone.

REV. CODY AND PARTY RETURN

Enjoyed a Two-Months Motor Trip Through the West, Visiting Places of Interest

14 STATES VISITED

Attended Northern Baptist Conference in Seattle as Delegates From Brainerd Church

Rev. and Mrs. R. E. Cody, of this city, and their niece, Miss Florence Baumgarten, of LaCrosse, Wis., have returned from a two months motor tour of the west. On their trip they covered fourteen states, leaving for Seattle over the north route, and returning through Arizona and New Mexico, over the Santa Fe route.

They left Brainerd on June 11, and reached Seattle, Wash., in time to attend the Northern Baptist Conference at that city, from June 30th to July 5th. Rev. and Mrs. Cody were delegates to the conference from the First Baptist church of Brainerd.

Travelling down the coast, they visited Mt. Rainer, and then spent several days in San Francisco and Los Angeles. On their return trip they visited the Grand Canyon.

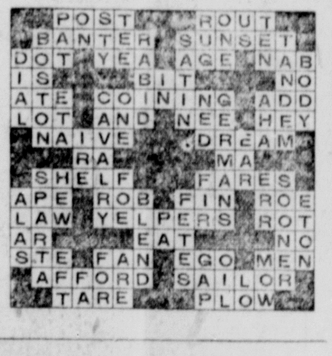

This was a delightful season for such a trip, according to Rev. Cody. In all the journey they experienced but two days of extreme heat, even in Arizona and New Mexico the weather did not cause them to suffer. Notwithstanding this fact, they still are delighted to return to Minnesota. They report that all the states visited, the northern states o fthis region, Minnesota, Wisconsin and Iowa look better than the others. The sight of green corn, green trees, and green lawns was a feast for their desert-weary eyes.

NORTHERN PACIFIC TRAIN SERVICE

THE Duluth News Tribune, in a recent editorial, comments on Northern Pacific train service affecting that city and the Lake Superior division, and the changes proposed which affect a considerable economy in operation.

Duluth has always been a little sensitive, and properly so, in the matter of service on the Northern Pacific road to the west.

It had a hard fight to establish that service, and to make the railroads recognize Duluth as a main line point rather than a station on a branch line from the Twin Cities. In that fight The News Tribune played a very active part.

It would not, therefore, tolerate any change that would give poorer service.

But it is doubtful if the changes proposed by the Northern Pacific road will give poorer service. On the contrary, it will probably be more convenient service than is now offered.

The plan is to combine the two morning trains which now run each way between Duluth and Staples. The two trains leave Duluth but two hours apart, and usually they both run almost empty. One train would be ample to handle the business, and the elimination of the other train would save the road $100,000 a year.

The News Tribune has repeatedly insisted that there should be at least two trains a day each way on all roads serving Duluth territory. This permits a Duluthian to go out in the morning and return at night, or it permits residents of nearby towns to come to Duluth in the morning and return at night. The proposed new service offers both these opportunities and the trains would be run at more convenient hours than the present trains.

All connections except the Winnipeg connection at Staples would be retained, and this is of very slight importance, since all traffic between Duluth and Winnipeg now moves over the direct route.

The Fargo sleeper service will also be retained, and the new trains will offer dining car service which the present trains do not.

Bus service is now competing with this train service, and this bus service undoubtedly will be augmented so that ultimately it will reach virtually all the country between Duluth and Staples.

In view of these facts, therefore, there does not seem to be any valid objection to the changes. No rail connections are lost; no trade territory will be cut off, but on the contrary, more convenient service will be given; and the road will save $100,000 a year.

Probably no business institution in Duluth will be as much affected by the change as The News Tribune itself, because of the distribution of its newspapers through this territory, but The News Tribune is willing to accept the slight inconvenience it may be caused, without protest, in order that the road may practice a real and substantial economy that will not hurt anybody materially, and that will greatly help it to make income balance outgo.

AN OPPORTUNE INSPECTION

THE movement of the Lions club inviting passenger traffic agents of railways of the Twin Cities to inspect our lake region is one which will be far-reaching in its effects. It gave these men a close-up of our lake region, showed them our roads, lake resorts, etc. Hereafter, when these men are asked questions about our lake country, they can give the information acquired by actual contact.

Every passenger traffic agent was impressed with what he saw and the addresses made evidenced the fact that they have keen vision. In fact, as every one knows, a good passenger traffic agent can "see" business miles away. Many good suggestions were made. It was also brought out that many of the railroads are carrying on an extensive campaign of advertising benefiting our lake region.

Travel is now being drawn from the midwest, the east and south. Booklets and folders are sent out. As stated by M. M. Goodsill of the Northern Pacific railway company, many an automobile tourist gets his information of the lake country from the advertising racks fo the railway stations.

Railways are not fighting automobile travel. They work with this great body. The development of automobiles and roads in turn affects a country, and any improvement in economic life reflects its benefit upon the railways.

COMMUNITY ADVERTISING

COMMUNITY advertising as known today is a relatively new development but is making tremendous strides and a number of nationally-known advertising agencies are giving much attention to this phase of modern advertising. California was the first, we believe, to develop community advertising on a big scale and with adequate follow-up, but just now Florida with over $2,000,000 raised or appropriated for community advertising this year will test its power on the greatest scale ever attempted.

To illustrate the spirit of Florida and its belief in advertising, Sanford, a city of 10,000 people, has just completed a campaign for advertising and Chamber of Commerce work that has broken the world records on a per capita basis. Starting out to increase its income from $5,000 to $50,000, it raised in a great community campaign $87,000, and the city voted an additional $20,000, making the grand total $107,000. Also the county has provided $15,000 for county advertising. Practically all of these funds will be spent by January 1st in advertising the advantages of Sanford and Seminole county.

The advertising appropriation will be handled by a nationally known advertising agency that has been doing the bulk of community advertising work on the East Coast.

WHEN the farmer set about to secure his own salvation and get a place in the sun, he was successful.

BRAINERD, Walker, Milaca are each boasting flower shows soon to be staged.

Gus Ludwig

Chairman Grand Lodge Committee, New York Lodge

Gus Ludwig, who belongs to New York Lodge No. 1, and also belongs by virtue of election to Minneapolis Lodge of Elks, is one of the best known dairy products men in the nation. That fact, coupled with a desire to speculate in butter and eggs, occasionally are the only reasons why Brother Ludwig don't move to Minnesota.

Blessed with plenty of this world's goods "Gus" has seldom missed a convention of Minnesota Elks and never passes up an opportunity of making a substantial gift to some worthy cause.

In Minneapolis "Gus" is better known than a great many of the residents of that city and his visits to the lodge meetings of Forty-Four are events celebrated with a banquet and special entertainment. Like Lannie Horne, who is the "Beau Brummel" of the State Association, "Gus" loves to array himself in gorgeous raiment and when this pair get out together the sun goes into eclipse.

MEN'S DRESS
By W. A. Churchill, Secretary
BORN TAILORS GUILD

Give Your Clothes a Rest

THE weary waistcoat and the tired trousers—these are not fancies of the imagination but cold realities. You wouldn't make your horse go day after day without a rest or run your car without giving the engine a chance to cool off. And in just the same way your clothes have an occasional vacation coming to them once in a while if you want to get the most wear out of them.

It is known that even steel, when constantly used, gets what engineers call "metal fatigue." Wool is no exception. The sturdiest wool fibers become flattened and pressed out of shape by continuous use. Their strength returns, if they are allowed to rest up a bit.

Fortunately, you do not have to send fatigued suits to the seaside or mountains to recover their vigor. A nice, dark closet and well-fitting hanger make an ideal vacation for their jaded nerves. What you do need, though, is enough suits to keep them from getting too tired out. Two suits worn alternately wear considerably longer than three suits purchased one at a time and each worn continuously every day until worn out.

What is true of suits is equally true of shoes. Besides the greater economy of having two or three pairs of every-day shoes going at once, the man who has to stand or walk a great deal will find it much easier on his feet to have a Monday-Wednesday-Friday pair to alternate with his Tuesday-Thursday-Saturday brogues.

JOHN WALSH IS HELD BY POLICE FOR BANK THEFT

SEARCH THAT LED THROUGH HALF DOZEN STATES ENDS

EXTRADITION PAPERS ARE EXPECTED FROM CHICAGO TODAY

(By United Press)

St. Paul, Aug. 21.—John Walsh, alias Marino Chrysota, 26, is being held at central police station here for a $16,800 bank robbery in Chicago December 9, 1924.

Walsh was taken into custody here Thursday night by Detective J. D. Hennessy of Chicago and two St. Paul officers after a search which has led through half a dozen states.

Detective Hennessy said today that on the morning of December 9th four men entered the Bryn Mayr State bank on East 71st street, Chicago and with drawn revolvers held up a score of employes, escaping in an automobile.

The alleged bandit is technically charged with being a fugitive from justice.

Extradition papers are expected to be sent here from Chicago. Walsh indicated today he will fight efforts of the Chicago authorities to take him back.

Where an electrical transmission line runs through country in which oak trees grow, there is trouble. Woodpeckers drill hundreds of holes in a single pole and into each hole they drive an acorn. Thousands of dollars damage is done in this way and so far no remedy has been forthcoming.

Film Stars Galore in Hollywood Play

Anna Q. Nilsosn has five leading men, including several stars, in one scene of "Inez From Hollywood," the First National picture to be shown at the New Park tonight and Saturday.

Antonio Moreno, Wallace Beery, Lloyd Hughes, Ben Lyon and Ford Sterling will appear in one sequence, having luncheon in her studio dressing room. It affords an intimate glimpse of studio life, and goes a long way to prove that one cannot judge motion picture people by the personalities which they register on the screen.

Most producers forbid their stars to appear before other cameras than their own. However, in this case, such legal formalities were waived by all parties concerned. Who could resist Anna Q.? So, if you want to see this aggregation all at one time: the "world's worst"—that is to say, best—villain, a great comedian, and three of the handsomest leading men, you must see "Inez" on the screen.

2 MILLION DOLLARS WORTH FILM SHIMMY

GILDA GRAY, QUIVERING QUEEN OF TERPSICHORE, SIGNED UP TO DANCE IN THE MOVIES

By LINCOLN QUARBERG
(United Press Staff Correspondent)

Hollywood, Aug. 21.—Two million dollars worth of shimmy is about to be translated into $10,000,000 worth of celluloid at Paramount's Hollywood film factory.

Gilda Gray, quivering queen of terpsichore, has agreed to transfer from stage to screen the dance and personality that made her one of America's leading theatrical attractions.

A five-year contract with Famous Players-Lasky will net her approximately $2,000,000, and the film-makers do not figure they have made an unwise investment.

It is estimated that $2,000,000 worth of shimmy, before it has been filmed, is worth $10,000,000 after it has been ground through the cameras and rolled into celluloid for retail consumption.

"Gilda Gray is one of the greatest box-office attractions in America," Jesse L. Lasky, general manager of Paramount, reassured himself after the queen of shimmy had shaken the firm out of a potential $2,000,000. "Her drawing-power is phenomenal."

Gilda's shimmy, which Lasky dignifies by calling "personality and magnetism," was admittedly the basis of the contract with Paramount.

"Wherever she has appeared in the flesh, Gilda Gray has drawn record crowds," declared Lasky. "The reason is her amazing personality.

"None of this personality will be lost on the screen. We have tested her thoroughly, and the same magnetism which has attracted thousands in theatres all over the country will be re-glorified in her pictures."

The career of Gilda Gray is one of the gems of contemporary theatrical history. Born in Poland, Miss Gray came to America at the age of seven, as a refugee in the steerage.

She began her career as a dancer in a Milwaukee cabaret where she originated the shimmy. Her popularity was instantaneous but no cabaret owner would pay her more than chorus-girl wage.

She went to Chicago and introduced her barbaric creation to the night life there. Chicago cafe owners reacted coldly to the exploitation possibilities in Gilda's presentation, and she journeyed on to New York City.

Here on Broadway she scored her first big triumphs. She literally shook herself into fame and fortune, and into the arms of Gil Boag, "king of Broadway," and owner of a string of cabarets.

Gilda made Boag's cafes the most popular on Broadway. Boag in turn sensed the dancer's box-office power at the outset, and soon became her manager and husband, a joint job he still holds.

"We're still shaking loose a lot of dough," Gil confided after he had sold $2,000,000 of Gilda's shimmying talent to Lasky. "Gilda produces, and I find the best market for her presentations. I know her ticket-window value, and I don't allow her to sign for less."

"On Time" at Lyceum

One of the finest examples of what motion picture titles should be is to be seen in "On Time," starring Richard Talmadge, which is playing at the Lyceum Theatre. The play is highly humorous and this fact is accentuated by the thoroughly humorous titles which appear throughout the play. Almost every one of them is worth a laugh in itself. They are the work of Ralph Spence who is famous for this work. Many successful New York stage plays also owe their comedy values to the uncanny comedy sense of Mr. Spence.

THEATER BANDIT IS OUTSMARTED; GIVEN EMPTY CIGAR BOX

Milwaukee, Aug. 21.—In one of the most daring robberies ever attempted here, a bandit would have gotten away with at least $2,000 of a local theatre's receipts here Wednesday, but for a clever ruse of the treasurer, Anthony Thene.

While counting up the receipts of the afternoon, Thene looked up and saw a man standing at the window of his office with a gun levelled at him.

"Fill up one of those cigar boxes with the long green," the bandit ordered.

Thene stuffed about $2,000 into a cigar box and closed the cover. Then he gave the man another box, an empty one which was standing nearby.

With the empty box under his arm the bandit made a hurried getaway.

For the Woman Who Is Proud of Her Kitchen

YOU will admire the Monarch Range the instant you see it. The white porcelain panels, blue-black Mirco top, smooth nickel parts, and blued steel body will attract you at once. And the best part of it is that every part of the Monarch can be kept looking like new with so very little care.

The Mirco Top needs no stove blacking. And for that reason pots and pans do not get black on the bottom.

How many hours of kitchen drudgery the Monarch will save! And how you will enjoy cooking on this wonderful range! You might as well have a new Monarch because it will pay its own cost by the fuel it saves.

Monarch MALLEABLE

The Monarch is built of unbreakable malleable iron. Joints are all riveted. No air leaks can occur to waste fuel and interfere with the operation of a range built this way. That's why the Monarch gives the same satisfactory service after many years as when it is new.

HUSBAND BRANDS SEDUCER'S FACE

WIFE FORCED TO WATCH VENGEANCE TAKEN WITH HOT WIRE

Chicago, Aug. 21.—The brand of vengeance is burned deep in the face of Walter Johnson, 25.

The letters "V. F." some three inches in height were burned into Johnson's left cheek as he lay bound on the floor of the home of Victor Feleci.

With a white hot wire, and in the presence of his wife, who had confessed to indiscretions with the victim, Feleci scrawled the brand of shame and vengeance.

Today police have Mrs. Rose Feleci, 28, in custody and are looking for her husband.

Johnson staggered into the west Chicago police station Wednesday night and fainted. Revived he told how he had been summoned to the Feleci home, by Victor, 34, a friend of several years.

"Victor pointed a revolver at me and then he tied my hands and feet," Johnson said. "He told me he had found out about my friendship with his wife. Then he heated a wire over a gas jet and wrote his initials on my cheek."

Rose said her husband forced her to witness his vengeance.

"He made me turn Walter's head so he could use the wire just right," she said. "I wanted to scream, but he had a revolver and told us he would kill us both if we said a word."

NOVEL SYSTEM OF REGISTRATION

LEGIONNAIRES TO FIND IT EASY TO LOCATE BUDDIES AT BIG NATIONAL CONVENTION

When 10,000 American Legionnaires come to Omaha next October for their great national convention, they will find what is probably the most elaborate system of registration ever perfected and installed for a convention of any kind. The special telephone system in connection with the convention is now being put in by the Northwestern Bell Telephone company at a cost of $45,000. The system of registration and telephone information is so complete that if Bill Eppley of Wolf Lick, Ky., wants to find his "buddy" Curtis Jones of Weed Calif., he can step into a telephone booth and locate his friend in two minutes, provided the friend has registered.

Around the Omaha court house, on three sides of the square, will be erected sixty registration centers, one for each state and department. Legionnaires will be whisked from the depots in free automobiles provided by the committee, right to their own state registration booth. Here they will register and be assigned to quarters. Again the free automobiles will take them to these quarters where they can leave their baggage and come back down town in the automobile, if they wish to do so.

As rapidly as the Legionnaires register, their names, home residences and billetted addresses will be telephoned to a central exchange department which can be reached only by telephone. At this central exchange the information will be tabulated within one minute of receipt.

Special telephone booths are to be erected all over the business district and at strategic out-lying points, with direct connection with the special central. All a legionnaire will have to do to locate his friend is to enter one of these booths, pick up a telephone, give the name and home state of his friend, and in not more than two minutes he will be told just where his friend is stopping.

The $45,000 which this special telephone system is costing is being paid by the telephone company, and the legion committee is not being taxed for the cost.

MRS. VALENTINO QUITS HER SHEIK

Hollywood, Calif., Aug. 21.—Rudolph Valentino, idol of the flappers, is about to lose his second wife, Natcha Ramboua. The screen sheik admitted that his "Sheba" had deserted him.

He denied, however, that a divorce was contemplated.

"It's just one of those friendly separations—a marital vacation," said Rudy. "There's been no violent quarrel and we're still friends."

Mrs. Valentino's manager says there has been a formal separation gareement.

Valentino said there had been "a clash of temperaments.

Mrs. Valentino, also known as Winifred Hudnut, adopted daughter of the perfume king, left here a week ago for New York, where she is to sail soon for Paris. Eastern dispatches hint at divorce.

Whatever the plans of the perfumer's daughter and however much her temperament may have clashed with that of Rudy's, their separation on the station platform here was anything but suggestive of divorce.

Rapturous kisses were exchanged to the tune of a battery of cameras. Scores of "stills" and at least a reel of film were snapped before the Sheba boarded her eastbound train.

FOR SALE—CALL 71

BOUNTIES PAID BY STATE FOR QUELLING INDIAN UPRISINGS

Minnesota disburses nearly $25,000 annually in recognition of services rendered and disabilities suffered during the Sioux Indian Uprising of 1862. It is not generally known that there are still approximately 170 persons who are recipients of this state bounty. The year 1862 was indelibly stained with the blood and sacrifice of those involved in the horrors of that period and only they can appreciate its real trials and hardships. Just as federal pensions were awarded for service in the Civil War, so Minnesota recognizes the handful who laid aside the pursuits of peace and fought to save the pioneers of this state, in their isolated villages and hamlets, from the menace of the hostile Indians.

This month Ray P. Chase, state auditor, is forwarding pension checks to the individuals entitled to them, covering the second quarterly period of the present year, each calling for the sum of $36 and based on the statutory allowance of $12 per month. A few of those receiving the payments are under eighty years of age, several are near the century mark. Many of them contributed lavishly of their money and labor in the building of the North Star State.

Tardy recognition of those who contributed to the suppression of the Sioux Indian Uprising in 1862 found expression in the Legislative Session of 1905 when a bill was introduced for a pension of $12 per month for all persons rendering aid in the 1862 uprising and specifying back pay covering the interim. The back pay provision was promptly vetoed by Governor John A. Johnson who visualized a depleted treasury if the back pay feature was permitted. This provision was then eliminated and a payment of $12 a month from the time of the passage of the act substituted. This was satisfactory and the amended bill was approved.

The first pension payment was in 1907 when nearly $50,000 was distributed. In the four years following, sums ranging from $47,000 to $56,000 were disbursed, but with successive years the amount has steadily decreased until it is now within the $25,000 figure. The law covers not only those who participated but surviving widows. Death due to the infirmities of old age has sadly depleted the ranks of those entitled to the pension. Another decade and the list will have been wiped out.

The Sioux Indian uprising and its suppression is best told in the memoirs of Gov. Ramsey and Col. H. H. Sibley. While overlooked in the great civil conflict of that day, it is still an integral part of the state's history. All of the Indians participating were not of the kind known as bad Indians. The Chippewa tribe generally were friendly and included in those to whom checks are now being sent by Mr. Chase are several of the Chippewa nation. A number of half and quarter breed Indians are also listed.

Complete suppression of the Sioux Indian uprising did not come until 1864, and in the meantime there was frightful destruction of life and property. Some of the atrocities committed were beyond belief. Due to Col. Sibley's activity, over 300 Indians were condemned to death and 38 suffered the penalty.

RECORDS OF THE MEETING

Past Exalted Ruler A. L. Mattes of Brainerd Present at Organization March 10, 1905

At the State Association meeting Thursday one of the most interesting addresses was embodied in the report of Dr. Henry L. Bryant chairman of the historical committee. He submitted a mass of documents giving the history of the state association, minutes of many greetings having been compiled by the late W. W. Koons.

Mr. Bryant spoke entirely without notes and had all his data at his fingertips. Without a slip, he gave every president, events of such incumbency, paying a special tribute to the late Brother Koons.

The first written pages of the report are reproduced as follows, giving the organization meeting, officers, by-laws, etc:

A recess was taken until 8 p. m. The committee at the evening session on organization made the following report. That the organization should first of all declare its fealty to the Grand Lodge, which is recognized as the source of all authority in this order, that the idea should be conveyed that the Association is solely for the purpose of bringing together our membership at least once a year with a view of closer fellowship and to the upbuilding of this great order by a more thorough dissemination of the principle thereof, with a view to more closely cementing the ties of friendship and fraternal love and to provide a means for greater sociability among the members of this fraternity.

Your committee beg leave to recommend that the Association be formed on the lines of a mass meeting, or convention to which every member in good standing providing his lodge shall be a member of the Association shall be eligible, that the expenses of each convention shall be born by a fund and limited to that fund created by the payment of a per capita tax levied on the membership of the lodges having membership, that at each Mass Convention each year the officers shall be elected and that such list of officers shall include a committee of one from each lodge to select after confering with the various lodges the place for the next meeting, and that a committee of one from each lodge here represented be appointed to draft a constitution and laws along these lines and report at this meeting.

On motion of Brother Skinner of Albert Lea, the report of the committee was adopted, Brother John E. King of St. Paul moved that the temporary organization be made permanent or until next regular meeting but later withdrew the motion.

Brother Simmons of Austin moved that the committee on organization retire and draft a set of by laws and report back at this meeting, carried, after a short intermission the committee recommended the following by laws, which was adopted.

BIGGEST FAIR EVER HELD

30 Acre Plant to House Minnesota State Fair and Dairy Exposition

Plans for the biggest fair ever held in the United States are rapidly drawing to a close at the 300-acre plant of the Minnesota State Fair and Northwest Dairy Exposition, September 5 to 12, state fair officials announced today.

The splendid crop conditions throughout most of the Northwest insure a record-breaking list of exhibits of all kinds, and of unusual quality. The cattle show will be as large as the one staged here by the National Dairy Show two years ago, while the horse, swine and sheep show will be bigger than any show of the kind ever held in this part of the country.

The state fair is offering a prize list of more than $140,000 for educational exhibits this year, which is $12,000 larger than that set aside by the next leading fair in America. More than $60,000 in prizes are to be given to encourage the raising of better livestock, and nearly $25,000 for the encouragement of boys' and girls' club work. Thirty-nine counties will stage exhibits of their agricultural work.

An entertainment program superior to any ever staged at the state fair will be presented this year, including harness racing, running horse racing, two stages of open air circus acts, the gigantic fireworks spectacle "Rome Under Nero," the 40-car Morris and Castle Shows, and a score of other big attractions.

Reduced rates lower than those offered fair visitors for many years will be given fair visitors from this section this year, insuring a large attendance from this part of the state.

PARKER E. WAITE HAS PASSED AWAY

Pioneer Resident of Brainerd Succumbs Early Yesterday Morning Following Operation

AT LOCAL HOSPITAL

Manufactured Lumbermen's Supplies Here and Later Owned the Gull Lake Hotel

Parker E. Waite, pioneer resident of Brainerd, passed away this Thursday morning at 3:30 o'clock, following an operation at a local hospital on last Monday morning.

Mr. Waite was born in Pickton, Ontaria, Canada, August 22, 1862. He moved to Sheyboyagan, Wisconsin, and was married there to Miss Laura Becker on July 3, 1884. To this union three children were born, Anna, who died in Brainerd about 19 years ago, Roy E. Waite, of Hollywood, California, and Mrs. Aremond Turcotte, of Brainerd.

Mr. Waite moved back to Canada and then came to Brainerd 32 years ago last April, where he engaged in manufacturing of lumbermen's supplies. He later purchased a number of miles of lake shore on the east side of Gull lake, and operated the Gull lake hotel at one time.

Later the family moved to Canada again and then to Hollywood, California, where Mr. Waite entered the contracting business with his son. Mr. and Mrs. Waite returned to Brainerd last May and have been in the city ever since. The deceased had been in ill health for the past three years, and came to the city that his family physician might care for him. An operation was performed last week, and a second was found necessary on Monday. Mr. Waite was cheerful until the last, and only Wednesday evening planned a fishing expedition with Mr. Turcotte as soon as he should recover from his illness.

Always of a cheerful disposition, Mr. Waite made many fast friends, and there were a great many in Brainerd, especially of the older residents, who learned of his passing with a most sincere regret.

He was a member of the Masonic lodge in Bath, Ontario, and at one time held membership in the Odd Fellows and the Eagles.

Mr. Waite put in the first work done in starting the erection of the buildings at the Walker sanitarium, and built the government road into that hospital about 20 years ago. He also was foreman in the construction of the Third avenue paving, as well as that on Kingwood and Kindred streets and in Southeast Brainerd. Later he did much of the carpenter work in the new Crow Wing county court house.

Surviving to mourn his loss are his wife and two children, and two grandchildren, Laura and Leo Turcotte.

The funeral will be held on Monday, August 24, and will be under the auspices of the Aurora lodge, No. 100 A. F. and A. M., for Maple Leaf lodge No. 199, Bath, Ont., of which Mr. Waite was a member. The services will be held from the D. E. Whitney chapel at 2 p. m.

Interior of Building Remodeled, to Give More Space

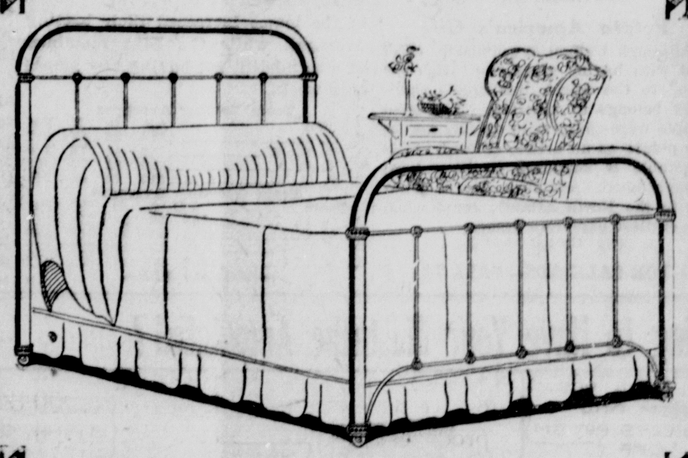

The Service News Agency is doing some remodelling, making the interior of the building entirely open, and allowing more freedom of space in the handling of their publications. The partition between the front and rear is being torn out, and the shelving changed.

Manager Strout states that the changes are made necessary by the increasing business, and to facilitate the waiting on of customers, the attendants at the agency being able under the new arrangements to keep the entire store in view.

CROSBY WINS $150 PURSE IN ELKS' GAME

GREAT FOOTBALL SEASON IN PROSPECT

By HENRY L. FARRELL
(United Press Sports Editor)

New York, Aug. 21.—Thumps of youthful toes against a football will be heard soon on many fields in many places as the 1925 crop of prospective gridiron heroes begin to get ready for what should be a most unusual season.

Inter-sectional competition has been largely responsible for the extraordinary development of interest in the premier college sport and it has raised the game to the most popular American entertainment if attendance may be taken as a registration of popularity.

The inter-sectional competition this fall will be wider and more important than it ever has been.

Relations between the big eastern teams and the members of the powerful Western Conference teams have not been as intimate in the past as they might have been. Eastern teams look rather patronizingly on the middlewest and assumed the attitude that Western Conference teams should be willing to play them on their eastern home grounds without expecting the courtesy of a return call.

Alonzo A. Stagg, veteran Chicago coach, was the original champion of the intersectional idea for the promotion of better feelings and it was due to his influence perhaps that relations are becoming so much more friendly.

Several years ago western teams had to leave home and play in the east to convince the critics that they could play football. But now the east knows, without any evidence, that they know how to play football elsewhere.

With the exception of those old fixed classics, like the Yale-Harvard game, the Army-Yale game and the Army-Navy game, it is impossible to pick out the feature games on the schedule. Any feature game is but one of many features, depending largely upon sentiment and sectional locality.

Five years ago any radical critics would have ridiculed a prediction that in 1925 there would be found on the program such games as:

Chicago vs. Pennsylvania; Illinois vs. Pennsylvania; Chicago vs. Dartmouth; Columbia vs. Ohio State; Syracuse vs. Indiana and Navy vs. Michigan.

There are six games with six representative teams of the east against six strong teams of the Western Conference.

* * * * * * * * *

Then there have been scheduled again a number of inter-sectional games that have become established in the last three years, such as:

Notre Dame vs. the Army; Notre Dame vs. Georgia Tech; Notre Dame vs. Penn State; Penn State vs. Georgia Tech; Army vs. Detroit; Army vs. St. Louis and the Navy vs. Marquette.

* * * * * * * * *

Those in charge of college athletics do not like to hear that gate receipts are big factors in the arrangement of modern schedules. It remains as a fact, nevertheless, that generous support is required to finance the big athletic plants that are springing up all over the country and that good teams have to be scheduled as drawing cards where there is so much competition in the highly populated localities.

New football fields are to be opened this fall at Brown, Pittsburgh, West Virginia, Kentucky, Stanford, Georgia Tech and Dayton, among many more not of present memory.

MAINSTAY OF CUB PITCHING STAFF KNOCKED OUT OF THE BOX

LEFTY HANSON UNABLE TO WITHSTAND ATTACK OF TIGERS

The N. E. Tigers defeated the N. E. Cubs yesterday morning by a score of 13-9, knocking the mainstay of the Cubs' pitching staff out of the box. Lefty Hanson, who starred on the mound last Friday for the Cubs, was unable to withstand the onslaughts of the Tigers yesterday, and was relieved in the fifth round by V. Marshall, who carried the burden for two rounds.

F. Montgomery was the hitting star, connecting for a triple, double, and two singles in four trips to the plate.

The line-ups were as follows:

HARRY GREB HURT IN AUTO CRASH

RUSHED TO HOSPITAL AT PITTSBURGH, TWO RIBS WERE BROKEN, ETC.

Pittsburgh, Aug. 21.—Haryr Greb, world's middleweight boxing champion, was seriously injured in an automobile accident near here last night. He was rushed to a hospital where a first examination revealed that he suffered two broken ribs, severe bruises and possibly internal injuries.

Greb and two other men had set out in the fighter's automobile for Erie, Pa., where Greb was to meet Jimmy Darragh in an American Legion boxing match tomorrow night.

Twelve miles from here on descending a hill the fighter's car met two others. Slamming on the brakes the wheels locked and the Greb car skidded and overturned.

Passing automobilists rushed Greb to this city. His companions were not seriously hurt—Minneapolis Tribune.

BRAINERD LOST TO RANGE TEAM BY SCORE OF 6-4

GAME FULL OF BLOOD AND FIGHT FROM THE START TO THE END

OUTFIELDING RAGGED, PLAYERS REPEATEDLY MISJUDGE FLY BALLS

Two home runs, by both ends of Brainerd's battery, accounted for all of Brainerd's runs in yesterday's game at Crosby, but were not enough to overcome the ill effects of outfield errors, and Brainerd went down to defeat before the range players, 6-4. Crosby by winning the game took the $150 purse put up by the Elks convention committee.

The game was full of blood and flight from start to finale. The umpires were continually in hot water, and everybody seemed ready to take part in the contest.

Crosby counted first, in the opening paragraph. Lovdahl singled, and on Stark's attempt to sacrifice, both men were safe. The bags were filled when Imgrund threw wild on Richman's roller, and Lovdahl and Stark dented the rubber on Klein's hit to left center.

Brainerd took the lead in the second. Uddenberg doubled, and took third when Struble let Peterson's third strike get by hm, Peterson being safe on first, stealing second the next instant. Up comes Norman clouting catcher of the Brainerd nine, swinging his war club. He met one of Tracy's fast ones on a line, and laced it for a rising liner over the left field fence, sending Uddenberg and Peterson home ahead of him.

The lead was increased to two when Jones followed Norman's stunt, and swung one of the longest and highest flies ever seen on the Crosby field for a home run over the right field fence, in the fifth inning.

The sixth inning found the count knotted, a base on balls and a single putting two men on, and Klein's triple cleaning the bags. Two more hits in the seventh brought in another for the Rangers, and in the eighth Ziebell dropped a fly ball, allowing the runner to reach third, from whence he scored on a sacrifice fly.

The outfield play was ragged, the players misjudging fly balls continually. Jones pitched fine ball, and deserved to win, but his support was poor.

The line-ups were:

Brainerd	Crosby

Potato America's Gift

Although Ireland is popularily credited with having given the "Irish potato" to the world, this credit rightfully belongs to America. The Irish people were the first to quickly accept the potato as an article of food. This vegetable is supposed to have been brought north from Peru. It was growing in the North Atlantic coast when the earliest explorers came.

BRAINERD PLAYS OFF RUBBER WITH SEBEKA SUNDAY

GAME TO BE STAGED AT VERNDALE ON NEUTRAL GROUND

OPPOSING PITCHERS OF LAST SUNDAY TO REPEAT BATTLE

The Brainerd team will meet the fast Sebeka team in a rubber game next Sunday, on a neutral diamond. The game will be played at Verndale, and both teams are out to win this deciding game. In a game at Sebeka a few weeks ago, Brainerd was defeated, 5-1. Last Sunday at Brainerd they turned the tables and copped a pitchers' duel after ten innings of gruelling play, 2-1.

The same two pitchers will face each other on Sunday, Buck Jones for Brainerd and Smoke Olson for Sebeka. Sebeka claims that they can beat Brainerd on a neutral field and have offered to put up a $50 side bet to support their claim.

The roads are good and many fans are expected to accompany the team to Verndale.

LONG DISTANCE HIKER IN CITY

CHARLES L. GREENLEAF TAKES WALKS CONTINENT-WIDE

Charles L. Greenleaf, self-styled "Longest distance hiker in the United States," arrived in Brainerd on Thursday evening from the west on a tour of the country. He claims to have made the tremendous distance from Los Angeles, Calif., his home, to New York City, south through Florida, back to Chicago and then to Los Angeles, hiking all of the way.

Not contented to be in his home city, Greenleaf made a second start, going up the Pacific coast to Seattle, then to Spokane, where he attended the Elks convention and is now headast to Portland, Maine, and then down to Florida, a trek of over 14,000 miles.

Greenleaf, who has been on the road for 20 actual walking months which covered a period, including stop-overs, of over three years, since March 1st, 1922, carries a load of 45 pounds, a smile that he says has fifty thousand vibrations, and walks on his two "iron legs," so nicknamed in Spokane because of their hardy quality.

The hiker states that he has written a splendid book on his journeys which he has named "A Hiker," to be published next winter or spring This is to be No. 1 of a series of three such books. In it he claims to have worked out a plot often tried but seldom if ever successfully portrayed in literature, namely a quadrangle love theme, which is very complicated and which he promises will keep the reader guessing from the first chapter to the last.

Mr. Greenleaf went on to Minneapolis today, after paying his respects to the officers of the state Elks association.
